A FIRM AND HEALTHY picture of the nation's economy was presented to the Associated Chambers of Commerce of Riverside County when they men in Idyllwild Tuesday. Dr. Gordon Watkins, Provost of the University of California at Riverside, and a widely respected economist, was the principal speaker. Pictured above, left to right, following the luncheon, are Harry Paisley, president of the Palm Springs Chamber, Clarence Washburn of Indio, president of the Associated Chambers, Dr. Watkins, Chuck O'Neill, chairman of the Riverside County Board of Trade, Assemblyman Lee Backstrand of Riverside, State Senator Nelson S. Dilworth of Hemet, and Francis Crocker and Culver Nichols, both members of the board of directors of the Palm Springs Chamber. Crocker is showing Senator Dilworth the posters for the upcoming summer theater presentation of three Shakespeare plays in Idyllwild. Henry Hull, veteran Broadway actor, who will star in two of the plays, was also on the Associated Chambers program, with a dramatic scene from "The Merchant of Venice."

Stranded Scout Party Rescued in Mountains

Eight Youths and Leaders Brought Out

Hot Sun, Lack of Sufficient Water, Perils Expedition

A blazing sun coupled with a lack of sufficient water almost played a trump card in a game of grave disaster for two of eight Boy Scouts whose leaders "felt that it was an easy hike from the upper reaches of Mt. San Jacinto to the floor of the desert.

Under the leadership of Arthur Remley, 37, district Scout commissioner for the Newport Harbor district and Lewis E. Kock, Scoutmaster for Troop 5 of Newport Beach, eight of their small charges ranging in age from 12 to 14 started hiking down the Skyline trail from Desert View, the 8,400 foot elevation on Mt. San Jacinto.

AT APPROXIMATELY the 5,000 foot level, two of the boys, Garry Giles, 12 and David Gibson, the same age, became violently ill from lack of water and heat exhaustion, Remley said when he and five of his charges including the two ailing Scouts were led out of the rugged terrain at 3:30 by members of the Palm Springs Mounted Police and members of the Riverside County Sheriff's office under the direction of Lt. John (Red) Williams.

First intimation that part of the group of two Scout leaders and eight boys were in trouble came at 9 p.m. Tuesday when Garry Soule, 13 of Costa Mesa and Dennis Cole called from a Villager's home to inform Chief of Police John S. Davis of their companion's plight on the side of the mountain.

THE TWO BOYS, with Scoutmaster Kock and his son, John, 13, agreed to leave the two stricken boys and three other Scouts behind on the trail in an attempt to reach Palm Springs and start a rescue party back up the trail with guides and water. Young Cole and Soule emerged from the mountains near the Tennis Club area almost an hour ahead of their Scoutmaster and his

(Desert Sun Photo)
HEAT AND NO WATER — The combination of the broiling sun on the desert face of Mt. San Jacinto resulted in near prostration for two of the five Newport Beach Boy Scouts pictured above as they came down the treacherous Skyline Trail at the west end of Chino drive. The two stricken boys, both 12, are, on left, Garry Giles and David Gibson. Others from left to right are, Charles Remley, Wyne Watson and Dan Pierce.

Valley Planners to Map Protest on Cement Mill

Coachella Valley Advisory Planning Committee will hold a special meeting Wednesday, July 28 at 8 p.m. at the Indio city hall.

The meeting has been called by President Paul Clark of Cathedral City to consider the best possible presentation of the valley's protest against the issuance of a cement plant permit by the County Planning Commission.

Clark said, "It is vital that we in Coachella Valley present our case so that the rest of the country may realize the importance of our fight against this threat to the agriculture, residential and resort interests of the area."

In another action on the cement mill battle front this week, the Banning Chamber of Commerce board of directors adopted a resolution favoring Samuel Guiberson's application for the plant.

They did, however, stipulate that supervisors should obtain a bond insuring strict regulation to control smog.

In the meantime, in advance of the hearing before the county planning commission on July 30, letters of protest continued to pour in to supervisors and county planners.

They were in addition to formal resolutions of protest adopted by chambers of commerce, city councils and other organizations in the desert area.

At a meeting of Owen B. Coffman post 519, American Legion Tuesday night at World Wars Memorial hall, a resolution protesting the proposed cement mill was unanimously adopted and forwarded to the county planning commission and board of supervisors.

ENGINEERS STUDY DATA AFTER TRAM SITE TRIP

Prominent engineers of top steel firms today were studying figures and estimates of the cost of constructing the Mt. San Jacinto Tramway following a personal inspection of the route and sites for the giant towers last week.

Despite a summer tropical storm which deluged the party on their first night at the top of the Tramway route, they made the descent down the steep slopes of the Tramway site without mishap Tuesday and Wednesday.

FACTS AND FIGURES they amassed on the two-day tour will be studied and classified and the best approach to erection of the Tramway reached following many conferences.

Completing the trip were John Lawler, Lefty Farwell, George Gray, Gordon Bannerman, Lynn Hart, Otto Oster, all construction experts with the leading steel firms of the nation and Jim Maynard, sergeant of the local police force, now on leave of absence, and Ralph Trout, heading the party of guides and their assistants.

SGT. MAYNARD, who has traversed probably every trail and canyon in the mountains back of the Village and who is probably better versed in the terrain than any other person here, headed the party down the steep face of the mountain from Long Valley into Chino Canyon and the desert floor.

Before the expedition even left the escarpment at the top for the trip they were caught in a summer tropical storm without tents, raincoats or other shelter. The thunderstorm broke about midnight and there was little sleep.

ON THEIR WAY DOWN the steep slope, ropes had to be used in several spots. Before the trip, a crew under direction of Trav Rogers had cached food and water at strategic points and installed new ropes where they had to be used.

Suspect Nabbed Soon After Two Burglaries Here

Harold O. Linabary, 27, of Wyoming, had a short-lived but active crime career in Palm Springs last weekend and is now in custody of Los Angeles officers awaiting hearing on an automobile theft charge.

Linabary, according to police, is accused of stealing the automobile in Los Angeles and driving to Palm Springs where, it is charged, he committed two burglaries between 10 p.m. Sunday and 4 a.m. Monday.

THE LOCAL BURGLARIES were at the Shell Service station, 900 North Palm Canyon drive, and at Gomonds' Poultry, 485 North Indian avenue. He is also accused of two burglaries at Banning on the same night.

Linabary was arrested in Banning Monday when a service station attendant became suspicious because of his fur-

Storm Damages Ranch House at Rancho Mirage

While the weather continued to boil up all over Southern California in the past week, Palm Springs experienced another weekend rain storm and registered its hottest day of the year a week ago when the maximum hit 115 degrees.

On Sunday, however, Riverside, the county seat, and San Bernardino were hotter than Palm Springs. They registered 102s while it was 101 here.

A storm which broke about noon Sunday added .05 of an inch to the season's total which now stands at .65 inches.

Lightning was brisk in the mountain area but infrequent on the desert floor. One of the few bolts, however, damaged a dwelling on the Frank Fisher ranch at Del Sol road and Clancy Lane in Rancho Mirage.

The bolt tore a hole in the side of the ranch house and knocked plaster from the wall. Mrs. Arthur Fry, occupant of the house, was unhurt but frightened by the blast. Power and irrigation pumps were stilled by the bolt.

Forestry service officials in the mountains back of the Village were on the constant alert as lightning started several small fires which were quickly quenched.

RICHARDSON ATTACKS NATHANSON CHARGES

"The record shows certain disgruntled politicians envious of Councilman Jerry Nathanson's victorious bid for re-election brought about his indictment by the Riverside County Grand Jury on two counts of using city-owned stationery for no other reason than to discredit him."

Jerome L. Richardson of the legal firm of Richardson and Henderson of Riverside and Palm Springs, so charged in his fight "to set aside and quash" the indictment before Superior Court Judge Russell S. Waite, Friday afternoon.

HIS ARGUMENT before the court had been scheduled for 2 p.m. but a heavy criminal calendar held the case in abeyance until almost 4 p.m. Richardson, on his feet at 5 p.m. and barely into his case, heard Judge Waite continue the hearing to July 30 at 2 p.m.

During the slightly more than hour-long argument, Richardson dramatically attacked the grand jury's indictment of the councilman. The case, it was inferred by Richardson's oral attack, will echo backward to the April councilmanic elections and depict a concerted effort on the part of Nathanson's enemies to obtain the indictment of the councilman on the charge of using $37.28 of letterheads and envelopes given to Nathanson by the city government for his personal use.

RICHARDSON, in arguing on behalf of his motion,

See INDICTMENT, Page 3a

LARGE TRAILER PARK PLANNED FOR VILLAGE

The meeting in Palm Springs of two men who had retired from business in Los Angeles and who planned to take life easy for the rest of their days on the desert, resulted in the announcement this week of a giant new enterprise to cost approximately $450,000.

Duke Blezard and Roy E. Smith, both of whom professed a deep affection for Palm Springs, announced that ground-breaking and construction had already started on a new trailer park to be called the Sahara Trailer Park with planned accommodations for 300 homes on wheels.

THE NEW PARK is located on 30 acres of land purchased in private sale from Mr. and Mrs. Lee Arenas and marks the first time Indian land in section 26 will undergo improvements by other than the original owners and the first time that such land ownership has passed in fee-patent from a member of the Aqua Caliente tribe to a purchaser.

The site is located 660 feet south of Highway 111 on an extension of Camino Real, under construction by the Park owners, and corners on the present golf driving range.

SMITH AND BLEZARD plan to have the new trailer park open by early fall and blue prints indicate that it will be one of the most luxurious enterprises of its kind in the nation.

Among features are wide paved streets, a plaza where there will be located a well-stocked grocery store, television viewing room, swimming, pool, shuffle board course, dance hall, card room, roque court, barber and beauty shop, and a large swimming pool.

Natural gas and sewage connections to each trailer site is another feature as well as fresh water connections. All utility lines will be underground.

THE ARCHITECTURAL design of the buildings is of the type so much desired in the Palm Springs resort area and will follow in some degree the architecture of the Biltmore hotel which is situated across the road on Highway 111.

The new trailer park site will be operated by the Sahara Park, a California corporation. Blezard is the president of the corporation, Smith vice-president. Others directly interested in the new organization are Margorie Greiner, of San Jose and Jean R. Parsons of Bakersfield.

ROY SMITH has lived in Palm Springs for some time and owns

Micro-Midgets to Launch Race Season on Saturday

(Photo, Program on Page 6a)

First Micro-Midget race program for Palm Springs will be staged Saturday night at the Polo Grounds arena with the sensational little speeders competing in eight events.

Gates will open at 7 p.m. and time trials will be run from 7 to 8. First event is scheduled at 8:15.

City council last week approved the lease of the arena for the races to be staged Saturday night, and on August 7 and August 14.

The races are under the sanction of the United Racing Association.

The Liliputian cars have the appearance of their high-speed midget forefathers but are barely large enough to accommodate a full-grown driver.

Horsepower is provided by motor-scooter engines somewhat modified to enable the drivers to scoot around the 1/10th mile track and whip up speed.

Track Manager H. R. Kahl said there will be plenty of speed and thrills for all and said he was much pleased with the reception for the Micro-Midget race plan in the Village.

Highlight of Saturday night's initial program will be a "Balloon Free-for-All" featuring all of the cars and drivers and which should provide plenty of thrills as well as laughs for the spectators.

In this balloon race program each driver wears a balloon on his helmet and carries a rolled-up copy of The Desert Sun. As they ride around the course each driver tries to smash the balloon on another driver's helmet. The winner is the driver whose balloon last the longest.

(Desert Sun Photo)
STOPPED THE SHOW — Petite Aquita Valdez, 4, daughter, of Rafaela Marmolejo Valdez stopped the show in the Starlite Room of the Chi Chi Thursday night when a "Night in Old Mexico" was staged by Irwin Schuman. Her uncle, Manuel Marmolejo and his six piece orchestra furnished the music and Frank Bogert master-minded the entertainment. (Another illustration on Page 5a.)

Pedestrian Stop Signs Battered

Police were puzzled by two similar mishaps Tuesday night.

Pedestrian stop signs on Palm Canyon drive opposite the Center and in front of the police station were battered during the night by a motorist or motorists.

They couldn't figure it out if one man hit both or someone was merely indulging in target practice in the cross-walks.

Sanitary District to Elect Three to Board

Cathedral City Sanitation District election has been called for September 20 to elect three members to the board.

The election will be held at Town Hall, Cathedral City, and the polls will be open from 7 a.m. to 7 p.m.

ZADDIE BUNKER BOOSTS VILLAGE FAME IN EAST

Palm Springs Flying Great-Grandmother, Mrs. Zaddie Bunker, currently on a 15,000-mile aerial vacation jaunt of the nation in her own private airplane, made a great hit in Knoxville, Tenn.

Now on the east coast as a good will emissary from Palm Springs, one of her first stops was at Knoxville where she was present for the finish of the Powder Puff Derby, annual transcontinental classic for women flyers.

GEORGE R. DEMPSTER, mayor of Knoxville, in a letter to Florian G. Boyd, mayor of Palm Springs, expressed the Tennessee city's appreciation of the Village's flying great-grandmother who will celebrate her 67th birthday next month.

Mayor Dempster's letter to Mayor Boyd follows:

"Please accept my sincere thanks for having Great-grandmother Zaddie Bunker as our guest here in Knoxville during the Powder Puff Derby. She made a great impression on everyone, was given much publicity, and I can readily understand why you specified that she should be returned to you after she had performed her duties here in Knoxville.

"It was my sincere wish that legislation be passed creating Knoxville as the perpetual terminus for the Powder Puff Derby. Now that we know what a great organization it is, we will really try to roll out the red carpet for them in future years.

"IT WAS A DECIDED pleasure to meet this remarkable person, and it influenced me to such an extent that I, at sixty-six years of age, may renew my flying activities and perhaps buy a plane. She certainly is doing a great service for aviation and apparently having a wonderful time doing so.

"If business or pleasure should take you into this area, may I hope that you make my office a point of call in order that I may have the pleasure of showing you some of the beauties of East Tennessee, where the great lakes of the Tennessee Valley Authority have made this one of the outstanding vacation lands in America.

"With all good wishes, I remain

Sincerely yours,
Geo. R. Dempster,
Mayor."

Mayor Reiterates Plea for All to Join in Plant Protest

Mayor Florian G. Boyd this week reiterated a plea to all Villagers opposed to the construction of a cement plant northwest of the city to lend their suport to protests at the public hearing before the county planning commission a week from tomorrow.

Protests can be made by letter, telegram or in person, he said.

County planners will meet July 30 at 1:30 p.m. to consider a petition from Samuel Guiberson to lift zoning controls from the site of the proposed cement mill.

"It is important," said Mayor Boyd, "that the planning commission know of the stand of Palm Springs in the matter."

Many other communities and organizations in the desert area from Desert Hot Springs to beyond Coachella, have already adopted resolutions of protest which will be presented at the commission hearing a week from tomorrow.

Blue Cut Road to be Surveyed Even if Opposed

Supervisor Homer Varner, who was in Washington, D.C. last week assisting in a campaign to bring feeder air lines to the east end of the county, returned to Indio with word that a preliminary survey of the proposed Blue Cut short-cut between Indio and Twentynine Palms has been completed and that thorough survey by the bureau of public roads will be made by October.

Varner said he had conferred with Conrad Wirth, director of National Parks and that Wirth was still opposed to the road. Wirth estimated the cost at between $1,500,000 and $2,000,000. Some of the grades on Upper Thousand Palms canyon will be 10 per cent, Wirth is reported to have said.

Varner said Wirth disagreed that the road was needed as another entrance to the Joshua Tree National Monument but that his engineers' studies warranted a report from the bureau of public roads.

Peterson New Supervisor of Local Sky Watchers

Walt Pagan, member of Palm Springs Ground Observer Corps, has been appointed chief observer of the local Post, Robert W. Peterson, civil defence director, announced today.

The shift in personnel of the Observation Post operation was brought about by the resignation of Francis Crocker, who has served as supervisor since its inception more than two years ago.

Under his leadership the Corps has developed into a stable civil defense project, and the Post itself has been equipped adequately for round-the-clock skywatching. Fifty-two pairs of wings have been issued during this time, twenty-nine 100-hour certificates and four 250-hour awards.

"Mr. Crocker's service has been invaluable in establishing this vital link in our defense chain," Peterson said. "Although we accept his resignation with reluctance, the organization which he has developed will continue as long as the country needs Ground Observers in keeping its air force informed."

Replacing Crocker as supervisor will be Peterson, formerly chief observer. The activities of the Corps will be unified under his direction with the city's civil defense and disaster preparedness department.

Two new observers were awarded their wings for 25 hours of service this week, Peterson reported. They are Ross Hensley of 221 North Indian avenue and Maude McQuillan, 1201 North Palm Canyon drive.

Farmer's Daughter Sought for Annual Farmers' Fair

The 1954 Farmer's Daughter —queen of the eighth annual Farmers' Fair of Riverside County, August 8 through 22, at the Hemet Fairgrounds — is sure to have more fun than any of the lassies who've ruled over the event in years past.

She'll win her straw hat and sun-bonnet title after competing with four other finalists in a brand new, exciting competition, in which good looks and charm aren't the only grounds for selection.

She'll have fun because — city girl or farm girl — she'll have tried her hand at milking a cow, baking biscuits, patching blue jeans and driving a tractor.

THE CORONATION will take place on Saturday evening, the fourth day of the fair, climaxing the series of daily contests in which even the greenest of green-horns has been cheered on by fair crowds.

The novel queen contest is being inaugurated this year by the Board of Directors of the Forty-Sixth Agricultural District, sponsors of the fair, to prove it takes more than glamour to be a queen, to heighten interest and suspense in the selection, and to provide added entertainment for the fair visitors.

Fair Manager Harry Hofman said points will be awarded for each girl's performance in each of the daily contests, and not until after the judges have tallied the points following the final competition on Saturday afternoon will the identity of the Farmer's Daughter be known.

ANY GIRL between the ages of 17 and 20 who resides in Riverside county is eligible to enter as a Farmer's Daughter candidate. But she must not have reached her 21st birthday and she cannot be married or have been married. She may enter with or without a sponsoring individual or group.

The field will be narrowed down to five contenders—the farmerttes who will compete at the fair — in a preliminary judging at Riverside's Mission Inn on August 9th at 10:00 a.m. when a well known Southland charm expert will select the winning quintet on the basis of beauty, poise, personality and speaking ability.

Joshua Monument Mining Plan Loses

San Bernardino county board of supervisors Monday rejected a proposal to open Joshua Tree Monument to prospecting and mining following a two and a half hour hearing which featured several Riverside county men.

Col. Maurice Nordstrom, past president of Riverside County Board of Mines, presented the case for the proponents, Moberly, Riverside County Chamber of Mines, Clarence Washburn, former Indio mayor, and Thomas Quinn of the Western Mining Council spoke as proponents.

CV Water Board Joins in Protest

Coachella Valley County Water district last week joined in the opposition to the construction of a cement mill near Highway 111 when a resolution was adopted protesting use of underground water required by the plant.

Copies of the resolution will be forwarded to the county planning commission and the board of supervisors.

The CVCWD protested the construction of the plant in 1949 on the ground of threatened water pollution and use of water to which the distriet had previous rights.

Supervisors Reject Bautista Project

Supervisors decided Monday that the Bautista canyon road from Anza, off the Palms to Pines highway, to Hemet will have to wait another year. They said that traffic was not sufficient to improve the road now and that other projects were more important.

City Sales Tax Receipts Again Show Increase

Collection of city sales taxes during June totalled $14,009 as compared to $13,236 in June, 1953, Shelby V. Langford, city treasurer, reported this week.

June collections brought the fiscal year which closed June 30, to $164,598. For the previous fiscal year the total was $161,916.

The 1953-54 fiscal year is the highest on record since the sales tax law went into effect in May, 1947.

Since that date the city has collected $944,469 in sales taxes.

From Page 1—MORE ABOUT

SCOUTS

son, who reached the desert on Chino drive.

In approximately 40 minutes Captain Warren D. Coble of the Palm Springs Mounted Police, and 10 other members of the organization were preparing to take off on foot up the trail in an effort to reach the group with the stricken boys. Lt. Red Williams with four of his men arrived on the scene and were soon engaged in the rugged trip up Skyline trail. Dr. William Aiken waited at the foot of the trail prepared to start on a moment's notice in the event medical advice or attention was needed.

SCOUTMASTER KOCK informed the police here that he, Remley and the eight boys had started out from Idyllwild Saturday morning for a hike across Mt. San Jacinto and then the trip down the face of that mountain.

Said Remley on emerging with the boys:

"Garry Giles and David Gibson were near exhaustion and lack of water. This would not have happened if our information obtained from forest rangers had been correct."

Remley, who looked almost physically spent himself, added that he had not anticipated the heat of the sun against the mountain side as the descent started nor the reflected rays on the giant boulders about them. The group's water supply was soon exhausted and young Giles and Gibson became ill.

SCOUTMASTER KOCK insisted, until the first walkie-talkie radio message was received by Palm Springs police, that the remainder of his charges were only an hour's distance away at the 1200-foot level.

It took the Palm Springs Mounted Police more than three hours to reach the stricken group camped beside the trail "and they were traveling fast," declared Tex Driskell, a member of the Mounted Police.

"It was a tough hike up that trail," declared John Hollinger and other members of the rescue group.

WEDNESDAY MORNING Mayor Florian Boyd issued a warning to Boy Scouts or adults not to attempt to hike down the deceptive trails of Mt. Jacinto during the summer months.

"It is perhaps perfectly safe for hikers in the upper reaches of Mt. San Jacinto but the distance down the trails to Palm Springs is deceptively long and the heat intense. Only seasoned desert dwellers and persons acquainted with the rugged mountain terrain should attempt such a journey. It is extremely hazardous even during the winter months.

A check of the weather during Thursday obtained from the Palm Springs Fire Department's government thermometer indicated a high of 108 on the desert floor Tuesday. It was estimated that in the direct rays of the sun on the mountain side the heat may have approached 120 degrees.

New Southland Map Issued by Automobile Club

A new map covering almost all of the 13 counties of Southern California is now available to Auto Club members and out-of-state visitors, the Touring Bureau of the Automobile Club of Southern California announced today.

Listed as "Portion of Southern California," the new map covers an area from Visalia and vicinity south to the Mexican border and includes the southern area of Nevada and the northwest portion of Arizona.

"It took about two years work by 11 men to make this five-color map," said a Club spokesman.

Jaycee to Meet at Indio July 29

Regular meeting of Palm Springs Junior Chamber of Commerce, scheduled for this week, has been postponed, Stan Lewis, president, said.

Instead the local Jaycee will meet at Hotel Indio at 7:30 p.m. in a general membership meeting next Wednesday, July 28.

It will be a combined visitation and general membership meeting and all members were requested to attend.

Notices of the meeting were mailed this week by Herb Esbitz, Jaycee secretary, and those planning to attend were asked to contact Lewis or Esbitz as soon as possible.

From Page 1—MORE ABOUT

TRAMWAY

which will carry the Tramway from the desert floor to the cool mountain tops were re-inspected by the party and estimates of the cost of the tramway, exclusive of establishments at the top and bottom, were re-assessed.

FOLLOWING REPORT of the engineers, which will bring tramway figures to 1954 level, another survey of potential patronage of the tram will be made. This, too, is expected to exceed the first survey since population of the desert area has expended rapidly in the past few years.

Another factor in the economic survey is the building of new roads and the rerouting of old highways which will make convenient for a far greater volume of traffic to reach the Palm Springs area.

VILLAGERS WHO TOOK the party of engineers by motor to the top of the tramway site were Francis F. Crocker, a member of the Mt. San Jacinto Winter Park Authority, and Culver Nichols, local realtor. Crocker returned the first night and Nichols the next day.

Following re-assessment of costs and passenger potentials, further steps will be instituted toward bringing the 17-year-old vision of a tramway from the desert to the mountain top into reality.

Realtors to Aid in Registration

Culver Nichols, president of Palm Springs Real Estate board, said this week that one of the projects of the board will be a campaign to see that all eligible voters are registered for the important general elections on November 2.

The local board will work in conjunction with other realty boards in the state. L. I. McClellan, of Pasadena, president of the California Real Estate association, last week announced a state-wide campaign by the CREA to register all voters.

Nichols said that he would name a committee to handle the drive here.

Registration for the November 2 election closes on September 9.

Early Evening Most Dangerous for All Traffic

Driving or walking, use extra care during the early evening hours.

The California Highway Patrol bases this advice on an analysis of accident reports which indicate that the peak frequency of traffic accidents centers between four and six o'clock in the evning. During these two early evening hours, more than 15 per cent of all reportable accidents occur.

"In making every effort to combat this aggravated accident problem the Highway Patrol is concentrating a greater number of officers and enforcement cars during these critical hours," Patrol Commissioner B. R. Caldwell explained.

aldwell pointed out that more than 15 per cent of all Patrol traffic citations are issued during these same two dangerous hours.

"Evidently people are in a hurry to get home at the end of the working day and each fleeting second seems to carry a premium. Unnecessary and unwises chances, taken in order to gain thet slightest advantage in time, cause these accidents," he said.

Caldwell warned that pedestian accidents increased by 6.2 per cent during the first five months of 1954 and emphasized that pedestrian violations figure among the ten most common causes of traffic accidents.

Understanding your financial problem should be simple enough: it means you're short of money.—W. G. Milnes Jr.

If you give some women enough rope — they'll rig another clothesline in the bathroom.—Lone Star Scanner.

County Bills to be Paid, Varner Swings Balance

Supervisor Homer Varner got back to the county seat this week — and the county's bills will be paid.

Varner had been in Washington, D.C. on behalf of airplane feeder lines for the east end of the county.

During his absence the other supervisors voted two to two on whether to pay the bills. It takes three votes to authorize payment.

The supervisors voting against payment—Roman Warren and William Jones — have been following a policy of voting against payment. They have said they will stick to it until the supervisors return to their old policy of reviewing claims for personal expenses during their weekly public meetings.

Varner voted with the two urging payment and swung the balance.

Chicken Dinner for Some Thief

Burglars broke their way into Gomond's Poultry store, 485 North Indian avenue, Sunday—and got themselves a chicken dinner.

Alice Guiterrez, in charge of the store while the proprietors, Mr. and Mrs. Joseph Gomond, are on vacation, discovered the burglary Monday. The thieves, or thief, entered by a front window.

She told police that the intruders were unable to locate the cash in the shop and that the loot was apparently confined to three chickens-dressed.

Savings Bond Sales in County Booming

Riverside county sales of Series E and H Savings Bonds in the first six months of the year are up $190,000 over those of the January-June period a year ago, J. S. Bordwell, chairman of county volunteer bond activities, reported today.

At June end 1953, according to the volunteer's sales summary, E and H sales amounted to $1,186,309.54, whereas this year the six-month county total is $1,375,861.33, a gain of 16 per cent compared to a 13 per cent improvement in national sales over the corresponding periods.

June sales accounted for $206,400.97 of the first-half-year county total.

County Included in Liquor Probe

Riverside county was included Tuesday in the list of counties where an investigation of issuance of liquor licenses will be made, State Attorney General Edmund Brown said he would concentrate his study in Riverside, Los Angeles, Orange and San Diego counties.

He was promised $100,000 by Gov. Goodwin Knight Monday to conduct the probes.

He said the investigation will cover 670 new on-sale licenses issued since September, 1952, when a new batch of licenses was authorized on the basis of the 1950 census. The state issued the licenses for $525 each but some cost as much as $14,000 when they were resold later, according to Brown.

Freeway

Highway 60 to Run Around Riverside

Villagers using Highway 60 between here and the metropolitan area will miss the heart of Riverside by several blocks when the new east-west Freeway is constructed through the county seat.

The route adopted by the California Highway Commission leaves the present route at the University of California, Riverside, campus, west of the city, continues northwesterly, then turns west and rejoins the present highway at Sunnyslope west of Riverside. It is seven miles in length.

Members of the commission said the work would not start on the freeway for several years.

Vandals Damage Home in Village

Police were seeking clues to vandals who entered the home of Joe Jirgl, 437 Chuckwalla road, and caused much damage to furnishings.

The work is believed that of juveniles for nothing was stolen but a case of beer. Valuable articles in the home were untouched.

But two divans were slashed to ribbons, a carpet ruined and every mirror in the house was broken.

Water was turned on in various plumbing fixtures and left running to add to the damage.

The family is at present on vacation in Michigan.

O.K., college graduate: here's the world. It's all yours—take it away and don't bring it back. —Grit.

Parking Meters Take Slump as Result Vacation

Parking meter receipts for June reflected the summer vacation for 351 of the city's 540 parking meters and the take was down to $668, Shelby V. Langford, city treasurer, reported Friday. Only 189 meters were in operation in June.

Total for the fiscal year of 1953-54 which ended June 30 was $20,649, $2,500 better than the previous fiscal year.

The collections topped all previous 12-month periods, Langford reported.

Since meters went into operation in June, 1949, total collections have amounted to $99,011.

Dr. Brill Speaker at Red Cross Meeting

Dr. Richard G. Brill, of the California State School of the Deaf will be the speaker at the annual meeting of the Riverside County Chapter, American Red Cross, to be held at 6 p.m., Tuesday, July 27 at the U.S. Naval Ordnance Laboratory at Corona, Ralph Hughes, chairman, announced.

Dr. Brill will speak on the Individual and Today's Society. Carolyn Ford, Junior Red Cross member will also speak.

From Page 1—MORE ABOUT

INDICTMENT

carefully cited case after case wherein the appellate and the supreme courts of California had ruled in favor of grand jury indicted defendants in which the higher courts' decisions sharply pointed out that "grand juries are not star chamber tribunals and must be guided by legal evidence in returning a true bill indicting a person or persons on charges of violating laws."

Attacking the charges brought against Councilman Nathanson, Richardson declared:

"That actually the city of Palm Springs had transferred its absolute ownership of the letterheads and envelopes to Nathanson as it does to other councilmen.

"That the letters introduced as evidence to the grand jury upon which the indictment was based were in fact used by Nathanson in the official course of his duty as a councilman."

HE READ from the transcript which showed that Nathanson was bewildered by his summons to the grand jury's chamber by quoting directly from the councilman's testimony:

"I do not know why I am here or what this is all about."

Richardson buttressed his argument that the stationery had been transferred to the absolute ownership of Nathanson with excerpts from the grand jury testimony of both City Manager Robert W. Peterson and City Treasurer Shelby V. Langford.

This opinion of the two city executives was in answer to a question in the grand jury room seeking to determine if there was any ordinance or resolution regarding the use of such stationery by department heads or city councilmen.

IN ONE PART of the testimony of both these witnesses they testified, and Richardson read direct from the grand jury's transcript of the evidence, that both of the city officials recalled that there was "no restriction placed upon city councilmen as to the use of stationery given to them."

Peterson testified before the grand jury, that while he (Peterson) was city treasurer he believed that the decision to print stationery for the various city councilmen was decided upon because none of these councilmen received any compensation for their services to the city.

RICHARDSON emphatically stressed the point that grand juries should only consider legal evidence before indicting a person.

He also pointed out with reference to the stationery that Nathanson certainly had absolute ownership of the envelopes and stationery for one other reason — the name of Councilman Jerry Nathanson was embossed on the stationery.

Although there is no appeal from a grand jury indictment Richardson pointed out that a writ prohibiting a lower court from bringing to trial a person indicted by a grand jury is allowed. This action is usually based on the grand jury's entertainment of illegal evidence or illegal actions on the part of a district attorney. He cited such cases in Judge Waite's court.

Richardson will renew his attack on the indictment when the case is resumed July 30 at 2 p.m.

BURGLAR

tive actions and appearance of his car.

BANNING POLICE were notified and stopped Linabary, still in the stolen car. Under questioning of Banning police and Captain Orest Johnson of the Palm Springs department, Linabary reportedly confessed the auto theft and the four burglaries.

At Gomonds Poultry here, the suspect made off with three dressed chickens. He missed the cash.

At the service station, Manager Spencer Rauber told police the burglar had broken a hole in a rear window.

HE THEN REACHED IN and unlocked the door. The station had been closed at 8:30 the night before by John Woods. The theft was discovered the next morning.

The burglar took $86.23 from the cash register, police were told.

The money was found on Linabary and returned after his arrest.

Linabary was turned over to Los Angeles police to face the auto theft charge.

TOO MUCH HEAT

Mrs. Glen D. Gordon, Indio, was taken to Desert hospital last week after she collapsed at a local service station. High temperatures were blamed.

QUARRY PERMIT GRANTED

Kenneth Mackensie was granted a permit by supervisors Monday to operate a rock quarry in Whitewater canyon following a zoning hearing.

Final Service of Season Held at St. Paul's Church

Final service until September was held at St. Paul's in the Desert, Episcopal church, last Sunday morning at 9 o'clock with the Rev. William A. Blondin officiating.

The services were held in the Parish hall because of construction work on the main church edifice.

Services will be resumed the first Sunday in September.

Rev. Blondon and family are at present on vacation for the remainder of July and for August.

SEEK ROCK THROWER

Daniel Schenker of the Glass Kitchen reported to police Thursday that someone had thrown rocks through the windows of the restaurant causing considerable damage.

Work Started on Church Addition

Work is under way on additions to St. Paul's in the Desert, Episcopal church, to cost $25,000 for construction and an additional amount for new furnishings, airconditioning and other betterments.

The church will be enlarged to a capacity of 280 from a present seating room for 100.

Committee in charge of the building program includes John Connell, chairman, Francis F. Crocker, William Tackett, Mrs. Charles Dant and Mrs. Rex Hardy.

St. Paul's in the Desert was completed in 1942 but the growth of the congregation has been so rapid that the seating capacity of the church will be almost trebled this fall.

'Brotherly Test' Topic of Sermon

The Rev. Deran Yaylian, assistant pastor of the Palm Springs Community church, will speak Sunday at 9:30 a.m., on "The Brotherly Test," the fourth in a series of sermons on tests.

"There is harmony in life when we get along with our fellow men," he said. "The Scriptures give many examples on how to get along."

The soloist for the service will be Mrs. Helen Geefay.

Sunday school clases will also convene at 9:30 a.m.

Christian Endeavor societies will meet at 7 p.m. in the Youth Chapel with Rev. and Mrs. Yaylian in charge.

BIG BUYS at SAFEWAY!

Wheet your shopping, "buggy" down Safeway's aisles with delight this weekend! We've lined up big buys in every department to save you . . . work . . . time . . . and welcome money you can use so many other ways for summer fun! So, come to Safeway today where you know the total of your food bill is always low.

SNOW STAR ICE CREAM Ideal summer dessert. Vanilla or Chocolate. 2 pint cartons 37c half gallon 69c

SLICED CHEESE Dutch Mill brand. American, Pimiento or Swiss. 8-oz. pkg. 25c

Graham Crackers Pirates' Gold 1-lb. box 29c
Homogenized Milk quart carton 20½c
Lucerne. Grade A Pasteurized.
Concentrated Milk quart carton 50½c
Lucerne. Each quart makes three quarts fresh table milk. Ideal for use by large families, to take on picnics, outings.
Lucerne prices in L. A. Milk mktg. area.
Nonfat Dry Milk 1-lb. pkg. 37c 3-lb. pkg. 99c
Lac Mix brand.
"Best" brand Beer 2 12-oz. cans 27c
Rheingold Beer Extra Dry 6 12-oz. cans 1.08
Beer offered in licensed Safeways only.
Orange Soda Cragmont brand quart bottle 15c
"Flavor of month." Deposit extra.
Fla-Vor-Aid Beverage Powder 2 pkgs. 9c
Asstd. flavors. For quick drinks.
Instant Coffee Edwards 100% Pure 2-oz. jar 67c
Airway Coffee Mild & Mellow 1-lb. bag 1.02

Curtsy BAKERY SPECIALS

GOLD LAYER CAKE Cherry Iced. Curtsy. Regularly 39c; SPECIAL 33c
Curtsy Donuts Sugar or Crumb pkg. of 6 25c

The PUBLISHER'S Corner
by OLIVER B. JAYNES

OPEN ALL SUMMER — As we arrive at mid-summer in Palm Springs it may interest our many out-of-town readers who are here only during the winter to know a little about life in the Village in the "off-season." It isn't as bad as you may think.

I met Harold Hicks in Attorney Jerome Richardson's office the other day and Harold asked me what I was doing in Palm Springs in July. I told him that we took our vacation in the winter and stayed in Palm Springs during most of the summer. "Oliver, you're all mixed up, aren't you," he replied. Well, maybe we are, but I'd rather be here right now than a lot of other places in the country I can think of. As a matter of fact, most of the Palm Canyon drive conversation this week has been about how sorry we feel for those mid-westerners. We expect hot weather here and are prepared for it. We take full advantage of shorts, coolers and swimming pools. Informality and friendliness prevail. You stop and chat with friends you hardly see in the winter season hassle. It's nice.

Carpenters' saws start screaming like fire sirens as early as six in the morning, but no one objects. Few "sleep in" during these wonderful summer mornings. Building moves right along and a lot of new homes will be all ready for fall., I saw a man working on a block wall at mid-day when it was considerably plus 100. He wore a pith helmet, slacks and shoes. "Isn't it a little hot working out there," I asked. He tilted back his helmet, wiped his brow and said smilingly: "No, it's that Los Angeles heat I don't like!"

We planted a lawn at our new place this month. Surprised? But you see it's dichondra. No smelly fertilizer, either; just thousands and thousands of little plants from four to six months old set in the sand in blocks about two inches square and four inches apart. They'll be fed with commercial fertilizer occasionally and watered twice a day during the first couple of months. Some say it can't be done. We'll see. If it grows well, I predict dichondra will become very popular, specially with those who want a green lawn all summer.

Quite a few of the business men who keep going during the summer months gather at Chi Chi for lunch. Almost everybody knows everybody else. Stan Rosin dropped in the other day upon his return from a European tour and shook hands all around. He said he drove down from Las Vegas over the new route via Amboy and was surprised to find a Chi Chi at Twentynine Palms . . . Fred Ingram and Herb Samson (the new chief money loaner at Citizens Bank) were lunching together. Now that's nice for competitors to be so friendly but I couldn't help wondering if they were checking on my "hard luck story" . . . Culver Nichols was there also, telling about his trip with the engineers over the trail from Idyllwild to the site of the Tramway's upper station. They camped out that night in a pouring rain — there were about twenty in the party. Culver paid a great tribute to Jim Maynard who has piloted Tramway parties over that rugged trail for many years . . . Another place where I found a lot of Summerites gathered for lunch was The Barn (formerly Sips 'n Snacks) where Bill Weintraub was giving peanuts to patrons of the Sawdust Room (the floor is covered with peanut shells, not sawdust!)

We've had rain twice this month which was welcomed by both the plants and people, even if it did bring some humidity. It should be noted right here that, while we do have some high temperatures, prostrations from heat are very few in Palm Springs. None as far as I know, have been reported this summer. This spells the difference between the type of hot weather we have here and in the mid-west and east. We have another distinct advantage; in less than an hour we can be up in the mountains where it is delightfully cool. I spent a whole day last Sunday driving around in the rain at Idyllwild. It's only a little over two hours to the beach—and an easy drive through Santa Ana canyon.

We appreciate your sympathy but don't feel too sorry for us. Somebody must keep the Village going during the summer so it will be in ship-shape for those who enjoy it during the other months of the year. Like those beautiful, green golf courses.

And now for a swim!

Confident Living

by

NORMAN VINCENT PEALE

Living is An Exciting Experience

Is life an exciting experience for you? Are you fascinated by people and by things? Can you honestly characterize yourself as an "agog" person? Have you mastered the art of getting a great thrill out of life no matter how old you are or how heavily burdened?

If your answer to any of these questions is in the negative, you're not getting what you should out of life. It is hard to understand how anyone can be dull or apathetic, living in this dynamic age. How can anyone possibly be unmoved and unthrilled by it all. It seems incredible that this amazing world should fail to evoke enthusiastic response in anyone.

I get a great thrill out of going to the circus at least once every year. And this year I was the guest of my friend, Beverly Kelly, one of the "big show's" famous publicity men. He is a very busy person and handles a multitude of details. "Beverly," I asked him, "do you enjoy this job? How long have you been at it?"

"Twenty-eight years," he answered. "And, as for enjoying it, it's a lot better than working." That is one of the most thrilling remarks I have ever heard a man make about his job.

Recently Arturo Toscanini, great music master, retired. At 87, he was still conducting orchestras with unsurpassed skill and genius. "Whatever my father is doing," his son explains, "whether it is tackling a new symphony or peeling an orange, it is the biggest moment of his life."

And then there is another old friend, Branch Rickey, head of the Pittsburgh Pirates, now 72. A reporter asked him, "Mr. Rickey, what was your greatest thrill in fifty years of baseball?"

Rickey drew down those great brows of his, thought for a minute, looked out at the players on the field and answered: "My greatest thrill in fifty years? I haven't had it yet."

These are men who are living to their fingertips. They have learned how to keep alive, how to be perpetually thrilled and fascinated. They know the meaning of the greatest formula of living ever spoken, "I am come that they might have life, and that they might have it more abundantly."

That's the way we all want to be, isn't it? Why, then, aren't we all that way? And how can we get to be that way?

It's a simple proposition. One reason that the thrill, the zest, the rapture, the fascination, the flavor and the joy of life depart, is because we allow ourselves to become so burdened down, so overwhelmed with a mass of things. An old lady I once knew put it very neatly when she commented, "Life is so daily."

You get up in the morning and go through the routine and infinite minutiae of the day. You worry about things, become plagued by anxieties and dwell under a haunting sense of frustration. That's the unhappy way many of us live, and of course this is depressing and completely unexciting.

But there are people who don't get that way. They seem to have a constant infusion of energy and enthusiasm. They carry life's burdens easily. What is their secret?

I have known many such people. They find their insatiable curiosity, eager interest and unquenchable zest in spiritual experience. It may be described in a line from the Bible, "In Him we live and move and have our being." When a person really finds God, he finds life that is perpetually interesting and exciting.

Dennis, the Menace — By Ketcham

"HOW WOULD HE EVER LEARN TO DRIVE IF HE DIDN'T RECOGNIZE YOUR MISTAKES?"

THIS SIDE OF THE SUN
By Phat

While mopping brow, on this thought dwell,
It really isn't hot as — well?

After putting the above thought on paper and carefully reviewing it, I think perhaps you're right. It is and it's got me.

THE WAY TO BEAT the heat is to learn to live with it. Headlines say the midwest is "burning up". That all over it's a most unusual summer. It isn't. Every summer is hot. And the most sensible way to take it is to dress for it, act for it, eat for it. Down in the tropics where it really gets hot, they don't strip to the skin. They cover up. Men wear white which reflects the sun's rays, women in long sleeved blouses, cotton sarongs to the ankles. Loose enough to let the air circulate. And the head is covered. Now I suppose I'll get that to which all heat is compared. Knocking our sun suits, they'll say. But just like everyone else who gives advice—on that covering the head item—I haven't worn a hat since the last time I was at Santa Anita. And I was lucky to get home with my shirt.

AND THAT BRINGS UP this thought. Years ago they used to build stores with overhangs—like a theater marquee. Protected the pedestrians on the sidewalks from the noonday sun. Or mid-morning or mid-afternoon sun. But there are few of those wooden awnings left here. Maybe it's against the law. But think how nice it would be to stroll up the sidewalk in the shade all of the way. They'd come in handy, too, during the infrequent rains for which most of us do not dress for. To meet the protests of the sun-lovers who come here for that golden-brown look, we could have portable marquees. On in summer, off in winter. But have noted that in most tropical places I have been, the sidewalks are covered.

SUMMER TIME also brings back an old thought to me. It gets hot here, we'll all admit. Why not live like they do in the hot countries? That brings up an old but futile campaign of mine. Siestas. I still believe that in the summer months the town should be locked up between noon and, say, 3 p.m. Everybody take off and either take a nap or stay inside by the cooler and not stir around. Could be arranged. Fold up when the bull horn at the fire station blasts twice for noon. Then Fire Chief Bill Leonesio could blow another blast at 3 p.m. Wake us all up. If the question arises: "Who'd wake Bill up?", they still sell alarm clocks, don't they?

VANDALS BROKE into a house last week. Besides slashing furniture and carpets, they turned on all of the water. And then for good measure, smashed every mirror in the house. And police say that they hope the young imbeciles who did it, have seven years of bad luck for every mirror broken . . . But, after all of these years, I still can't figure out why they do it. Or why people throw rubbish from their automobiles, find a cool, clean spot for a picnic and leave it looking like a junk yard, talk at the top of their voices at 4 a.m. when a well modulated tone wouldn't wake up the neighborhood. But they do.

APPARENTLY E.B.N. of Casa Cody thinks that anything is o.k. as long as it breaks the heat wave. He'd even take crickets if that is the price for the cooling rain of last Sunday. Last Sunday when the raindrops were lowering the temperature, he sat himself down at his typewriter and answered my worry of the week before the moisture might bring forth the pesky chirping crickets. His masterpiece follows:

Why shouldn't the crickets come
out to play?
And any other nameless things
you say
Arrive to chirp and multiply,
Arise to frolic, and to lie
In this sweet, summer desert
rain?

Who can so loftily disdain—
Gainsay whatever he must pay
For such an aromatic day?
He's right. It did smell pretty
after the rain.

SPEAKING OF CRICKETS brings to mind another pest. Something has gone haywire somewhere. Down where I live we pay a tax for the Mosquito Abatement district. Not all of the city pays it, just a part. But this year, for the first time in many years, I've been slapping at pests. It used to be when the coolers just dumped their water in the sands that we had mosquitos. But now with most coolers equipped with pumps, we have 'em again. And what irks me is that a friend who lives out of the district and pays no tax, has no mosquitos. It isn't fair. Perhaps someone should inform the little pests that we have an abatement area.

LETTERS
To The EDITOR

THOSE LITTLE PESTS!

Dear Mr. Jaynes. I enjoyed your news letter in last week's Desert Sun, and was especially delighted to read of the coming campaign to rid the Village of flies, but please don't stop there. They are annoying enough, but the mosquitoes are even worse. Flies are big and easy to swat, but oh, those little, elusive, buzzing demons. One can't sit out and enjoy the evening, and after one goes to bed, they make the night hideous, if one is allergic to their sting, as I am. Many a night's sleep have I lost, because of them. Where do they come from? Can anyone tell me?

I moved here a little more than a year ago, and like it fine, except for those pests, which take the joy out of outdoor living, which is what one comes here for, as you say. It really is a serious matter. Let's all get together and lick them both.

Yours truly,
(Mrs.) Jewell Cohan.

OVERTIME

Not less than one and one-half times the foregoing rates.

Apprentices may be employed provided they are properly indentured to the contractor in full compliance with the provisions of Section 1777.5 of the Labor Code.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any sub-contractor under him, to pay not less than the specified rates to all laborers, workmen and mechanics employed by them in the execution of the work.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the City Engineer, 3200 McCallum Way, Palm Springs, California.

No bid will be accepted unless it is made on a proposal form furnished by the City Engineer. Each bid must be accompanied by cash, certified or cashier's check, or bidder's bond made payable to the City of Palm Springs, for an amount equal to at least ten (10) percent of the amount bid, such guaranty to be forfeited should the bidder to whom the work is awarded fail to enter into the contract.

No bid will be accepted from a contractor who has not been licensed in accordance with the provisions of Chapter 9, Division 111, of Business and Professions Code.

The special attention of prospective bidders is called to Section 1B for full directions as to bidding, etc.

The City of Palm Springs reserves the right to reject any or all bids or to accept that bid deemed for the best interests of the City.

CITY OF PALM SPRINGS
LOUISE McCARN,
City Clerk.

Dated: July 20, 1954.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES
July 16, 1954.

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

68-599 Broadway, CATHEDRAL CITY, Riverside Co.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of original application of an alcoholic beverage license (or licenses) for these premises as follows:

On-sale General license (SEASONAL QUARTERLY).

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

JULIAN P. STIFF.

Publish Desert Sun July 22, 1954.

NOTICE INVITING CONSTRUCTION BIDS

NOTICE IS HEREBY GIVEN that the Governing Board of the Palm Springs Unified School District of Riverside County, hereby calls for sealed proposals to be delivered to the office of Clark, Frey & Chambers, Architects, 879 North Palm Canyon Drive, Palm Springs, California, until August 5, 1954, at 2 o'clock P.M., at which time and place said bids will be opened and read aloud in public, for furnishing all labor, materials, equipment, transportation, and services required for the following improvements:

1. At Cahuilla School, Palm Springs:
   Demolition of old asphaltic pavements.
   Resurfacing of existing asphaltic pavements.
   New asphalt tile floors.
2. At Coffman School, Palm Springs:
   Demolition of old concret pavements.
   New asphaltic concrete walks.
   New asphalt tile floors.
3. At Katherine Finchy School, Palm Springs:
   New asphaltic concrete pavement.
   New asphalt tile floors.
4. At Francis Stevens School, Palm Springs:
   New acoustical tile ceilings.
5. At Cathedral City School, Cathedral City:
   New asphalt tile floors.
6. At Desert Hot Springs School, Desert Hot Springs:
   Resurfacing existing asphaltic pavement.
   New asphalt tile floors.

Each bid shall be in accordance with specifications and other contract documents prepared for this work by said Architects. Prospective bidders may secure copies of said specifications and contract documents at the office of said Architects at the place above set out.

Pursuant to the Labor Code of the State of California the said Governing Board has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contract which will be awarded to the successful bidder; and these prevailing rates are as follows:

Wage Scale	Per Hour
Carpenter	$2.70
Laborer—General or Construction	2.07½
Operators and Tenders of Pneumatic and Electric Tools, Vibrating Machines, and similar mechanical tools not separately classified herein	2.28½
Asphalt Raker and Ironer	2.28½
Asphalt Tile Setter	2.90
Acoustical Tile Setter—Stuck on	3.43¾
Truck Drivers:	
Drivers of Dump Trucks of less than 4 Yds. water level	2.13
Drivers of Dump Trucks—4 Yds. but less than 8 Yds. water level	2.16
Drivers of Trucks—Legal Payload Capacity less than 6 tons	2.13
Drivers of Trucks—Legal Payload Capacity between 6 and 10 tons	2.16
Water Truck Driver—Under 2500 Gal.	2.19
Operating Engineers:	
Air Compressor Operator	2.35
Motor Patrol Operator, including any type of power blade	2.79
Pavement Breaker Operator	2.57
Roller Operator	2.57
Painters, Journeyman Brush	2.75

The hourly wage is based on an eight hour day. The hourly rate is the per diem rate divided by the number of hours constituting a working day.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

Each bid must be accompanied by a

Legal Notices 75

certified cashier's check, or bidder's bond issued by a surety company approved by said Governing Board, for not less than 10% of the amount of the bid, made payable to the order of "Palm Springs Unified School District", shall be sealed and filed on or before the date and time, and at the place aforesaid.

The above mentioned check or bidder's bond shall be given as a guarantee that the bidder will enter into contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into contract after being requested to do so by said Governing Board.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 100% of the contract price, and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured by a surety company or surety companies satisfactory to said Governing Board.

The Governing Board reserves the right to reject any or all bids and/or waive any informality in a bid. No bidder may withdraw his bid for a period of 15 days after the date set for the opening thereof.

HELEN K. STALEY
Clerk of said Governing Board
Desert Sun July 22, 29, 1954.

LEONARD A. BOCK, Attorney for Plaintiff, 463 No. Palm Canyon Drive, Palm Springs, California.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF RIVERSIDE
No. Indio

Action brought in the Superior Court of the County of Riverside, and Complaint filed in the office of the Clerk of the Superior Court of said County

SUMMONS

TOMMIE SUE DOBBINS, a.k.a. Sue Mackenzie, Plaintiff vs. RUSSELL E. DOBBINS, Defendant.

The People of the State of California send greeting to Russell E. Dobbins, Defendant.

You are directed to appear in an action brought against you by the above named plaintiff in the Superior Court of the State of California, in and for the County of Riverside, and to answer the complaint therein within ten days after the service on you of this Summons, if served within the County of Riverside, or within thirty days if served elsewhere, except that if the action is against the State pursuant to Section 738.5 of the Code of Civil Procedure, within 180 days;

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and seal of the Superior Court of the County of Riverside, State of California, this 21st day of July, 1954.

G. A. PEQUEGNAT,
County Clerk and Clerk of the
(Seal) Superior Court of the State of California, in and for the County of Riverside
By /s/ Erma Hill, Deputy

Appearance: "A defendant appears in an action when he answers, demurs, or gives the plaintiff written notice of his appearance, or when an attorney gives notice of appearance for him." (Sec. 1014, C.C.P.)

Answers or demurrers must be in writing, in form pursuant to rule of court, accompanied with the necessary fee, and filed with the Clerk.

NOTICE INVITING SEALED PROPOSALS

Pursuant to statute and Resolution No. 4073 adopted on the 13th day of July, 1954, by the City Council of the City of Palm Springs, California, and on file in the office of the City Clerk of said city, ordering the work described in said Resolution, to wit:

The grading, paving with plant mix surfacing, construction of cement concrete curbs and gutters, and appurtenant work in connection therewith in Calle Palo Fierro and other streets (Combined Assessment District No. 5) all as particularly described in Resolution of Intention No. 4036 passed and adopted by the City Council of the City of Palm Springs on the 1st day of June, 1954, and on file in the office of the City Clerk of said city.

For further particulars, reference is hereby made to said Resolution of Intention No. 4036 and to the plans, profiles and drawings No. D-570, A, B, C and D, consisting of four sheets, on file in the office of the City Engineer of said city of Palm Springs, and to the specifications for the said work heretofore adopted by the said City Council on file in the office of the City Clerk of said City, and all of said plans, profiles, drawings and specifications heretofore approved by the City Council of said City are incorporated herein and made a part hereof, and reference is hereby made thereto for a more particular description of said work.

Said City Council has determined and declared that the contemplated work and improvement heretofore mentioned was, in the opinion of said City Council, of more than local or ordinary public benefit and the said City Council has made the expenses of said work chargeable upon a district. For the particular description of said district, reference is hereby made to said Resolution of Intention No. 4036.

Said Council has determined and declared that serial bonds, bearing interest at the rate of six per cent (6%) per annum and extending over a period ending nine (9) years from the second day of January next succeeding the next October 15th following their date, will be issued hereunder in the manner provided by the "Improvement Act of 1911," being Part 5, Division 7 of the Streets and Highways Code of the State of California to represent each assessment of twenty-five dollars ($25.00) or more remaining unpaid for thirty days after the date of recording the warrant.

All of the work herein ordered shall be done and carried through in pursuance of an act of the legislature of the State of California, designated the "Improvement Act of 1911," being Division 7 of the Streets and Highways Code.

Said City Council, pursuant to the Labor Code of the State of California, has ascertained and determined that the general prevailing rates of per diem wages in the locality in which the said work herein described is to be performed, for each craft or type of workman or mechanic needed to execute the contract, and also the general prevailing rates for legal holidays and overtime work for each craft or type of workman or mechanic needed to complete the contract, to be as follows:

Classification	Rate per hour
Air compressor operator	$2.35
Apprentice engineer, including fireman, oiler, greaser	2.23
Asphalt raker and ironer	2.26
Asphalt plant fireman	2.47
A-frame boom truck operator	2.65
Boxman or mixer box operator (concrete or asphalt plant)	2.47
Carpenter	2.70
Cement dumper (on 1 yd. or larger mixers and handling bulk cement	2.26
Concrete or asphalt spreading, mechanical tamping or finishing machine operator	2.65
Concrete mixer operator — paving type and mobile mixer	2.75
Concrete mixer operator—skip type	2.50
Cement mason	2.70
Driver of dump trucks (less than 4 yds. water level)	2.13
Driver of dump trucks (4 yds. but less than 8 yds. water level)	2.16
Driver of dump trucks (8 yds. but less than 12 yds. water level)	2.21
Driver of trucks (legal payload capacity less than 6 tons)	2.13
Driver of trucks (legal payload capacity between 6 and 10 tons)	2.16
Driver of trucks (legal payload capacity between 10 and 15 tons)	2.21
Electrician	3.10
Flagman	2.05
Heavy duty repairman	2.65
Heavy duty repairman (helper)	2.23
Laborer—general or construction	2.05
Material loader operator	2.35
Motor patrol operator, including any type of power blade	2.79
Operator and tender of pneumatic and electric tools, vibrating machines and similar mechanical tools not separately classified herein	2.26
Plumber	2.90
Roller operator	2.57
Screed operator	2.35
Skip-loader operator	2.50
Tractor hi-lift shovel operator	2.88
Tractor operator—bulldozer, tamper, scraper or drag type, shovel or boom attachments	2.65
Universal equipment operator, shovel, dragline derrick, derrick barge, clamshell or crane	2.88
Water truck driver — under 2500 gallons	2.19
Water truck driver—2500 gallons or more	2.31
Any classification omitted herein, not less than	2.05

Foremen unless otherwise separately classified, for carpenters, cement finishers, equipment operators and operating engineers, laborers and truck drivers, shall be paid not less than $1.40 per day more, and all other foremen not separately classified not less than $1.00 per day more than the journeyman rate for the craft involved.

The above listed rates are based upon a working day of eight (8) hours being proportionately applicable to eight hours or less of employment in any one calendar day other than Saturdays, Sundays and the following seven legal holidays, to wit: New Year's Day, Memorial Day, Fourth of July, Labor Day, Armistice Day, Thanksgiving and Christmas where any work is required in case of extraordinary emergency caused by fire, flood or danger to life or property. For any working time of more than eight (8) hours in any one calendar day and for time worked on Saturdays, Sunday and any of the aforementioned holidays, not less than one and one-half (1½) times the specified rates shall be paid; provided, however, that notwithstanding the general provisions hereinabove set forth, the straight rates as specified for flagmen, guards or watchmen shall be applicable to a maximum of (8) hours of employment per calendar day, including Saturdays, Sundays and holidays, for a total of not over forty (40) hours per week, but that not less than one and one-half (1½) times the specified rates shall be paid said flagmen, guards or watchmen for any time worked in excess of eight (8) hours per day or forty (40) hours per week.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any sub-contractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

NOTICE IS HEREBY GIVEN, inviting sealed proposals or bids for doing all the work hereinbefore described and ordered in said Resolution Ordering Work, to be presented to the City Clerk at his office in the City Hall of said city up to the hour of four o'clock p.m. of Monday, October 4, 1954.

The proposals or bids offered shall be accompanied by a check made payable to the order of said City, certified by a responsible bank or a bond, as required by law, for an amount not less than ten per cent. (10%) of the aggregate of the proposal. Each bid shall be made out on a form to be obtained at the office of the City Engineer of said city.

The contractor to whom an award may be made will be required to furnish with the contract surety bonds, one faithful performance bond in an amount equal to not less than twenty-five per cent (25%) of the aggregate amount of the bid, and one material and labor bond in an amount not less than fifty per cent (50%) of the aggregate amount of said bid.

The City Council of said city city reserves the right to reject any or all bids and to waive any informality in a bid not affected by law.

Dated this 16th day of July, 1954.
s/LOUISE McCARN
City Clerk.

"A NIGHT IN OLD MEXICO" — And it was too, without the trouble of traveling more than a hundred miles to spend such a night as the one in the Starlite Room of the Chi Chi, enjoyed by more than 150 Villagers last Thursday. In addition to the Mexican food, there was entertainment as well with music by Manuel Marmolejo and orchestra and his children and his sister's son and daughter comprising the stage show MC'd by Frank Bogert. Left to right they are: Rafaela Marmolejo Valdez; her daughter and son held in the arms of Bogert, Aquita Valdez, 4, Omar Valdez, 4.; Maria Marmolejo and Rafaela Marmolejo, and Sofia Marmolejo who is not in the picture.

(Desert Sun Photo)

ITS SO GOOD — Village society turned out for the first presentation of a "Night in Old Mexico" in the Starlite Room of the Chi Chi. Among the more than 150 persons present who partook of the deliciously prepared food was the mourseme above, left to right, Frank Ryan, Mrs. Ryan, Mrs. Charles Miller and Mr. Miller.

Let Us Know What's Doing

Going any place? Just returned from a vacation? Entertaining?

Dial 2249, or, better yet, mail or bring in the information to The Desert Sun.

Hildy Crawford, Desert Sun society editor is on vacation for July and August. But there is still plenty going on in the Village. Telephone or mail in your items of interest.

Villagers Visit in Amsterdam

Mr. and Mrs. Ed Krist, 1471 El Alameda, touring Europe, are now visiting in Holland.

In cards to local friends from Amsterdam they write: "There is still no place like Palm Springs.

Hollands Spending Month in Yosemite

Mr. and Mrs. Tom Holland are spending July in Yosemite and plan to be back in the Village early in August. They left on vacation July 1.

On their return, Holland will spend a few days at his Palm Springs Department and Hardware store and then they plan a few short trips to various California points.

San Carlos Girl Bride of Villager

Jo Ann Rose, daughter of Mr. and Mrs. J. L. Rose of San Carlos, became the bride of Tom Neblung, son of Mr. and Mrs. Wilbur Neblung of Palm Springs at a ceremony at Bethel Baptist church, Stockton, early this month. The Rev. James Williams performed the ceremony. The bride was given in marriage by her father.

The bride was gowned in a bouffant, eyelet organdy dress and her veil was held in place with a cap of matching eyelet. Her bouquet was of carnations and daisies. Nelda Radcliffe of Oakland was maid of honor. Shirley Lim of Los Angeles was bridesmaid. Their dresses were pink and aqua. Both are classmates of the bride at Bible Institute of Los Angeles.

The best man was Wes Dumond, a classmate of the bridegroom who attends the Institute. Ushers were Don Blakeman and William Ross, a brother of the bride.

Mrs. Ross was attired in pale pink with a corsage of deep red baby roses. Mrs. Neblung, mother of the bridegroom, wore aqua with a corsage of baby pink roses.

Mrs. Gwyn Ella Florence was at the organ console and accompanied the soloist Lelia Insanto.

A reception followed in the church garden which was decorated with pink and white carnations and white wedding bells.

After a wedding trip to Lake Tahoe, the young couple will reside in Los Angeles.

Mrs. Simpson to Visit in Honolulu

Mrs. Nora Simpson began a lengthy vacation last Sunday by driving to Los Angeles where she spent two days before going to Santa Barbara. She has a plane reservation for August 17 when she will leave San Francisco for Honolulu to be a guest of Villager, Mrs. Alcie Guthrie. The latter has been on the Islands for some time.

Turonnets Now at Ensenada

Mr. and Mrs. Armand Turonnet of the Village are spending July at Ensenada, according to word to friends here.

In August they will go to La Jolla for a month before returning to Palm Springs.

Villager's Entry Wins at Redlands

John W. Munn, of Palm Springs, was given honorable mention in the 1954 Robert Browning Poetry Awards at Redlands university in the adult division with his "Evolution."

The contest was state-wide and the Villager's offering was fourth.

NEWLYWEDS—Mr. and Mrs. Tom Neblung who were married at Stockton last week. She is from San Carlos, he is a Villager, son of Mr. and Mrs. Wilbur Neblung.

Keefes Visit Scenic Spots

Jack Keefe, city engineer, and his family have returned from a motor tour into northern California and Oregon. They spent some time at Crater Lake, Ore., and came back by way of the Redwoods.

It was their first tour of the Pacific coast and they reported an enjoyable time and a variety of thrilling sights.

Lorraine Harper Now at Arcadia

Nurse Lorraine Harper, well known Villager, who underwent major surgery three weeks ago at the City of Hope, is now recuperating at the home of her aunt, Mrs. R. B. Bertran, 1511 Santa Anita, Arcadia. Her daughter, Natalie, and Nurse Harper's mother, Jean Alkaley, are presently visiting at the same home. They expect to return to Palm Springs and their home at 978 Paseo De Anza soon.

Mr. and Mrs. Charles Bellcom of Burbank spent the weekend in the Village and were entertained by Mr. and Mrs. Sal Allesandro at the Chi Chi Saturday evening.

Villagers in Wichita for Christening

Sharon Anne Ainsworth, daughter of Mr. and Mrs. David Jerome Ainsworth of Wichita, Kansas, and granddaughter of Mrs. Donald Lockett of Palm Springs, will be christened at ceremonies in Wichita Saturday afternoon at the home of the new parents. A tea, given at the same place by the maternal grandmother, Mrs. Lockett, and her daughter, Sally, sister of the baby's mother, will follow.

Mrs. Lockett and daughter Sally are in Wichita for a month.

Sally Lockett will be one of the God-mothers and Mr. and Mrs. John Pott of Wichita, Godparents. Harold E. Berger of Beverly Hills will be a Godfather by proxy.

The ceremony will be performed by the Rev. J. Prussner of St. Joseph's Episcopal church in Wichita.

After leaving Wichita, Mrs. Lockett and daughter, Sally, will spend a month in Estes Park, Colo., before returning to Palm Springs.

Villagers Tour Canadian Cities

Mr. and Mrs. Charles E. Netherby and Gladys Denton of Palm Springs are now in Canada on a vacation tour which so far has taken in New York, Boston and other eastern states.

They visited for a while in Quebec and then went on to Montreal, Toronto, Niagara Falls and then back westward.

Netherby is pharmacist at Merrill Crockett's Village Pharmacy.

Sgt. Toth, Family Going to East Coast

Marine Sgt. Richard Toth, his wife and daughters Debby and Donna are en route to Camp Lejuenne, North Carolina. The sergeant, who recently returned from Korea, has been assigned to the Carolina Marine base as an instructor. His wife and children will make their home with him while he is on this tour of duty.

While in Palm Springs the Toths visited with the Sergeant's parents, Mr. and Mrs. Frank Toth, at 242 Cerritos.

LONG BEACH

You'll save money by staying at the newly completed Five-Three Apts. near the ocean and Alamitos Bay in the smog-free Belmont Shore area. Kitchens. Automatic washer, dryer. Week. Month. Reservations only. Write for Folder S, P.O. Box 3621, Long Beach, 3.

Palm Springs Civic Chorus in Ramona Bowl on July 29

The beautiful and acoustically perfect Ramona Bowl in Hemet will be the scene of the first out-of-town concert presented by the Palm Springs Civic Chorus Thursday, July 29, at 8 p.m., under the direction of Harry Tomlinson. This invitation to participate in the summer concert series of Hemet valley was the first of several to be received by the chorus, which plans an ambitious concert series both here and in other southland cities next season.

A varied program for the large audience which crowds the Ramona Bowl each balmy concert evening will include two Bach chorales and a devoutional work by Palestrina, seventeenth century choral master; a lovely composition for soprano and chorus from the opera "Dido and Aeneas" in which Evelyn Spikre will perform the solo; whimsical modern sea chanty by Vaughan Williams called "Just as the Tide was Flowing"; three excerpts from the always popular oratorio "Elijah" so successfully presented by the Chorus last fall; the impressive setting which Brahms prepared for an ode by Schiller, "Nanie," and a group of songs by Rachmaninoff, Thompson and Schubert. Christine Tomlinson will accompany the Chorus.

Far from curtailing activities for the summer months, the Civic Chorus is rehearsing each Monday and Thursday evening at 8 at Frances Stevens school with more than half its winter membership in attendance. The Chorus is for people who like to sing, and all villagers who would enjoy participating are invited to come and join the group.

Season tickets for the 1954-55 concerts will go on sale in September at a saving over separate admissions. Among the works planned for next winter are Handel's Messiah, Bach's Christmas Oratorio and St. Matthew Passion, Brahm's Requiem and Dido and Aeneas by Purcell.

Plan Two Choral Workshops for Idyllwild Center

Two Choral Workshops conducted by Lara Hoggard at the Idyllwild Arts Foundation during the first two weeks in August, will be preceded by a Weekend Choral Clinic for school and church choir directors and singers, July 30-August 1, at the Foundation, with Dr. Hoggard, Dr. Max T. Krone and Beatrice Perham Krone, Clinic Leaders.

The Choral Clinic will open Friday night, July 30, with a session on vocal techniques for the choralist. Saturday morning and afternoon sessions will be devoted to materials for elementary and junior high school choirs, and the small church choir, and techniques for making assembly and community sings musically interesting.

Saturday night's session will be given over to choral techniques with Dr. Hoggard, and Sunday afternoon to a demonstration of these techniques with a young people's church choir.

During the two weeks from August 2-13, Dr. Hoggard will direct two Choral Workshops at the Foundation's School of Music and the Arts (ISOMATA). One of these will cover vocal development of choral groups and the other choral materials for church and school choruses. Both are offered for college credit by the Extension Division of the University of Southern California.

Further information may be secured from the Idyllwild Arts Foundation, Idyllwild, California.

Nelsons Return from Vacation Journey

Mr. and Mrs. Leo Nelson of 257 South Patencio, have returned from a vacation trip which ranged from the mountains near Independence in the Owens Valley to Ensenada, Mexico.

They report much success in fishing at both spots.

Their wire-hair terrier, Fritzi, also enjoyed the trip.

Moortens to Talk at Lake Arrowhead

Mr. and Mrs. Chester Moorten and son Clark will go to Arrowhead this weekend for a brief stay.

While there, Moorten, "the Cactus Man" will present a program at the Arrowhead Lake Community church Sunday evening, July 25.

The subject will be "A Picture Tour of Mexico."

Party Marks Third Natal Anniversary

Wendy Flax had ten of her little friends in at the home of her parents to help celebrate her third birthday. Games, followed by the traditional cake and lunch, featured the afternoon.

Heading West

Sam Stuart and his daughter Myrna spent two weeks in New York City and then enplaned for Chicago. From the Windy City they will head for the west coast this weekend, Mrs. Sam Stuart announced.

Mrs. R. F. Graettinger of 450 Avenida Olancha, left Monday morning for Los Angeles and coastal points to remain until September 1. Her husband will join her August 1.

Dorothy Kirsten, Kostelanetz at Bowl Thursday

Dorothy Kirsten, leading Metropolitan Opera soprano, and Conductor Andre Kostelanetz will team with the 100-piece Los Angeles Philharmonic Orchestra Thursday, July 29 at 8:30 p.m. in a brilliant "United Communities Night" program at Hollywood Bowl sponsored by more than 30 Southern California cities.

In making her Bowl debut at the United Communities Concert, Miss Kirsten will sing, among others, three of the most thrilling operatic aras of all time—"Vissi d' Arte" from Puccini's "Tosca"; "Depuis la Jour" from Charpentier's "Louise"; and "Gavotte" from Massenet's "Manon". Orchestral numbers, with Kostelanetz conducting will include Berlioz' "Roman Carnival" overture, Prokofieff's Classical Symphony in D Major; Enesco's Roumanian Rhapsody No. 1, Tschaikowsky's Finale from "Swan Lake", Andante Cantabile from String Quartet No. 1 in D Major, and Waltz from the "Sleeping Beauty"; and Ravel's Bolero.

Many Villagers at Doll House

George and Ethel Strebe's Balboa Beach Doll House has been the gathering place for many Villagers in the past few days.

Dining there last week were Mr. and Mrs. Roy W. Colegate and Mr. and Mrs. Guy Anderson; Mrs. Charles Baldwin and sons, Steve and Bruce; Mr. and Mrs. Dave Lyons, Mr. and Mrs. Charles Kenner, Ann Miller and Bill O'Connor; George Goldberg and Ruth Bradley, Mr. and Mrs. Ted Reed, Mr. and Mrs. Ned Crawford.

Currently entertaining at the spot are Tony Correll and his Three Tones, furnishing Latin-American music.

Dixons in Canada on Trailer Caravan

Norman and Ruth Dixon, 1441 East Ramon, are spending the summer in Western Canada as members of Wally Byam's Trailer Caravan.

The Caravan of over 80 travel trailers and more than 250 persons, is touring the Canadian cities and taking in all of the special events listed during the summer months.

Air Raid Sirens to Sound Monday

Air raid sirens in Palm Springs will sound at 10 a.m. Monday in a routine test of the civil defense organization here.

The public will not participate in the tests, Robert W. Peterson, long civil defense head, said.

Carnation Corner

BY June Goode
CARNATION HOME SERVICE DIRECTOR

These warm days, when the children are all steamed up from playing—and your Favorite Husband is a trifle beat from the heat—there's nothing like a cooling, crispy salad!

Here's a hearty, meal-in-itself salad made with cottage cheese. Not just any cottage cheese, but *Carnation* Cottage Cheese! Fresh cream added at the dairy makes *our* Cottage Cheese extra full-bodied. Its smooth consistency is famous. And it's so fresh you can practically smell the good country air when you open the carton!

So serve this appetizing salad made with Carnation Cottage Cheese. I did, with bread sticks and a dessert—and it made a hit with everyone!

SUMMER SALAD RING

(Makes 6-8 servings)

1 package lemon flavored fruit gelatin
1 cup hot water
2 cups Carnation Cottage Cheese
2 tablespoons horseradish
¼ teaspoon salt
¼ teaspoon paprika
¼ cup lemon juice

Dissolve gelatin in boiling water. Chill until thickened and syrupy (about 15-20 minutes). Stir in remaining ingredients; pour into 8" ring mold. Chill until firm. Unmold by dipping in hot water for few seconds and place on lettuce-lined platter. Fill center of ring mold with diced fresh vegetables.

Let's have "ZAKUSKA"!

In the old days of the Czars, serving *zakuska* was an old Russian custom. The word means "appetizer." The French say "hors d'oeuvre." The Italians say "antipasto." The Swedes say "smorgasbord." When *I* eat appetizers, I just say "Mmmmm."

Try this COTTAGE CHEESE APPETIZER DIP

For 2½ cups, mix 2 chopped hard-cooked eggs and ½ cup finely chopped chipped beef with 2 cups Carnation Cottage Cheese, 1 teaspoon dry mustard, ½ teaspoon salt and 1 teaspoon lemon juice. Blend well. Use as "dunk" for potato chips or crisp crackers.

FOILED AGAIN!
(or, What He Doesn't Know Will Hurt Him)

Here are some ways to out-fox burglars while you're on vacation:

Stop home deliveries, for the length of time you'll be away, by *mail* or *phone*, instead of tell-tale notes in your mailbox or milk bottles. But do tell your neighbors you'll be away; then a light in your house will alert them to call the police. Lock all the doors and windows. Arrange to have the lawn mowed if your trip is an extended one. Put your valuables in a safe-deposit box.

REMEMBER, Carnation Cottage Cheese is a wonderfully delicious way to add protein, calcium, iron and vitamin A to your menus. Buy some today—enjoy its fresh, fresh flavor!

Adult Swimming Class Started at Public Pool

In response to numerous requests an adult swimming class will be conducted at the Palm Springs high school swimming pool starting July 26.

William Larsen, in charge of the class, said that advance registration will determine the start of the class and that at least ten persons must sign up.

If sufficient persons register the class will be conducted at the pool between the hours of 7 and 8 p.m. Two groups will be taught, those who already can swim and want advanced lessons and non-swimmers.

Registration is now in progress and those who want to participate are urged to dial 9092, the pool, and leave their name and telephone number.

Signs Placed to Protect Deer

Izaak Walton League, Idyllwild chapter, has completed the placing of road signs along all principal highways in the San Jacinto mountains warning motorists of deer on or near the roadway.

The heavy signs which reflect at night were placed at strategic points with the aid of the U.S. Forest Service and Department of Fish and Game.

Recreation

Plenty to Do Here in Summertime

Desert Softball League—Tuesday, Wednesday and Thursday at the Polo Grounds. Monday and Wednesday at Desert Hot Springs. Single games 8:30 p.m. Doubleheaders, 7:30-9:30 p.m.

Little League — Monday and Friday night, 7 and 8:30 p.m., Polo Grounds.

Pony League—Saturday night, 8 p.m., Polo Grounds.

Minor League Practice—Saturday morning, 8:30 a.m., Polo Grounds.

Youth Center—Open six days a week, 1-5 p.m., 6-9:30 p.m. Ted McKinney, director.

Boys' Club — Open six days a week.

High School Swimming Pool—Open 7 days a week, 3-6 and 7-9. Life guard on duty at all times.

Tamarisk Park—Seven days a week. Three lighted tennis courts, shuffleboard and horseshoe courts, recreation equipment for children, picnic area for all the family.

Tennis Round Robin — Every Monday night 8-10 p.m. Tamarisk Courts.

For information on the Polo Grounds contact Howard Haddock, City Hall, telephone 2202.

MICRO-MIDGETS — The little cars will roar around the Polo Grounds arena Saturday night starting at 8:15. It will be the first of a three-race date series and more may be added later. Thrills, speed and laughs are on the program.

Micro-Midget Race Program

Program for the Micro-Midget races at Polo Grounds Saturday night follows:

Main gate opens 7:00 p.m.
Time trials 7:00 to 8:00 p.m.
First event 8:15 p.m.

Events

1. 3-lap trophy dash. 3 fastest qualifying cars; winner to receive trophy provided by Imperial Motors of Indio.
2. 5-lap heat race: 6 or 8 cars.
3. 5-lap heat race: 6 or 8 cars.
4. 5-lap heat race: 6 or 8 cars.
5. 5-lap final heat race: cars finishing first and second in heat races 1, 2, and 3.
   Intermission.
7. 15-lap "A" feature
8. Balloon free-for-all. Australian Pursuit line-up. Each driver wears a balloon on his helmet, and carries a rolled-up copy of The Desert Sun, with which he tries to break balloons on other drivers' heads, winner is driver whose balloon survives longest. Prizes are donated by merchants of this area.

Score Keepers Fail to Report on Games

Owing to a slip-up by publicists for both the Little League and Desert Softball league, no scores of games were submitted this week.

Activity in both leagues will be reported again next week.

10 Days Left for Thrifty Contest

Only ten days remain to enter Thrifty Drug Stores' gigantic $10,000 July contest, officials of the California drug chain announced today.

Winners will be announced on August 7 at the Rodeo Road and La Brea Thrifty Drug Store in Los Angeles, in conjunction with a free stage show featuring top Hollywood entertainers.

First five winners will receive free all-expense paid vacations to Mexico. The winner and his guest will fly from Los Angeles on Mexicana - Pan American Airways with stayovers at the Hotel Del Prado in Mexico City, Prados-Americas in Acapulco, and the Spa Penfiel in Tehuacan.

MEXICANA - PAN AMERICAN Airways features deluxe DC-6 "El Internationale" flights daily from Los Angeles, with nonstop service to Mexico City as well as the scenic route along the beautiful Mexican coast.

Three more Thrifty patrons will receive complete automatic O'Keefe and Merritt Gas Ranges. These deluxe $340 ranges feature pastel decorator colors, the new Hi-Vue oven and the famous grillevator broiler. Another Thrifty customer will receive a $269 yellow Frigidaire refrigerator to add color to the kitchen.

Broil-Quick super-chef rotisseries, valued at $79.95, will go to the next five major prize winners. The Broil-Quik will barbecue, roast, toast, broil, grill, fry, bake, and pop corn.

SPORTSMEN ARE HOPING to win one of the next fifty prizes. These lucky winners, and their guest, will receive a full day of deep sea fishing to Catalina Island or San Clemente Island on a big Pacific Sportfishing boat.

Free ten gallon gasoline gift certificates go to the last 50 winners in the big Thrifty Drug Store July contest. Ask any Thrifty salesperson for full details of the exciting free contest.

S.P. Builds New Large Dome Cars

A new type of railroad dome car has just been completed by Southern Pacific, according to announcement by George B. Hanson, passenger traffic manager at Los Angeles.

Dome cars previously developed by the railroads have included two levels, or "stories," one above the other, Hanson pointed out. In such cars only passengers seated in the upper story have a dome view. In Southern Pacific's new car, every seat is a dome seat, he said.

Planned by Southern Pacific's own car designers, the car's floor space is divided into three areas—a cocktail lounge on one level, and a lounge and observation section on an upper level. The basic difference, it was explained, is that no passenger accommodations are beneath either level.

By covering both levels of the car, the dome gives an unusually high-ceilinged effect and an air of spaciousness, Hanson said. The top of the dome, he revealed, is about 20 inches higher than the standard streamlined car.

The new 81-foot dome lounge car is being tested on a number of trains to get the reactions of passengers, Hanson said. Its upper and lower lounge and observation areas have a total seating capacity of 64. In addition, there is a small room housing a service bar and valet quarters.

TRAILER

his home here. He is married and the father of two children. For thirty years he was engaged in the automobile business in Los Angeles.

George M. Blezard, the president, was born in England, lived in Canada with his parents where he attended and matriculated at the University of Alberta. Later, as a young man, he entered the stock brokerage business in New York City. In Californit he operated a chain of off-sale liquor stores and has been coming to Palm Springs since 1947. Married, he too has been living in Palm Springs for some years.

SALE OF the Lee Arenas land to the two men resulted in a considerable saving for the Indians who were forced to sell enough land to satisfy a judgment obtained by two attorneys who obtained a supreme court decision upholding a federal allotment to Arenas.

Smith and Blezard explained that had Arenas been forced to sell at public auction, more of their alloted lands would have been sacrificed to satisfy the court judgment.

"The Lee Arenas family sought us more than we sought them," Blezard pointed out. "As a result of the private sale in which Arenas was represented by Irl Brett, famed Indian land attorney, they cleared title to the rest of their property. We paid far in excess of the market price of the land."

Both Smith and Blezard are planning additional innovations in construction and planning of the trailer park which they hope to announce from time to time, they said.

Special Stamp Needed to Fish Colorado River

That special use permit to fish the Colorado river between California and Arizona won't help anglers who intend to explore waters between Arizona and Nevada, the Outing Bureau of the Automobile Club of Southern California announced today.

Sportsmen will have to get an additional license and special stamp for fishing in waters between Arizona and Nevada, the club said.

"There was a possibility that the recent Arizona-California agreement might give California anglers privileges between Arizona and Nevada," an Outing Bureau authority explained.

"But the Arizona Game and Fish Commission says a license from either Arizona or Nevada and a special stamp are required for any fishing in waters between the two states," said the spokesman.

In answer to an Auto Club query, the Arizona Commission also stated that California children under 16 would not need a special license or a special stamp.

CELEBRATES — Ben R. Meyer, well known Winter visitor, who celebrated with the bank he heads as chairman of the board and president, the Union Bank and Trust Company of Los Angeles, on the institution's 40th anniversary last week.

Ben Meyer and Bank Mark Anniversaries Together

Ben R. Myer, well known Village winter resident, chairman of the board and president of the Union Bank and Trust company of Los Angeles and the bank, celebrated joint anniversaries at a banquet in Los Angeles recently.

The occasion marked the 40th anniversary of the founding of the bank and of Meyer as its chief executive. Officers and directors of the bank and their wives joined in the observance of the anniversary.

The bank was opened on July 1, 1914, with Meyer as vice president. He succeeded to the presidency in 1916 when Kaspare Cohn, its first president died. He became chairman of the board in 1950 with Herman Hahn moving into the presidency. Early this year Hahn passed away and Meyer was re-elected to the presidentcy, continuing as chairman of the board.

Mayor to Speak at Indio Event

Palm Springs city council will be represented tomorrow when the new office of the California Department of Employment office building is dedicated at an open house program starting at 3:30 p.m.

Thomas C. Campbell, area manager for the southern area, will deliver the dedication address.

Mayor Florian G. Boyd of Palm Springs, is on the program of speakers welcoming the new office to the desert area.

Redlands Family Hurt in Accident

Ernest Thornton of Redlands and his son, William E. Thornton, aged 10, were brought to Desert hopsital Sunday as reresult of an accident on Highway 99 west of Palm Springs junction. Their injuries were not reported as serious. No details of the accident were listed.

Calectric Starts Fourth Unit at Highgrove Plant

California Electric Power company has started construction of a fourth unit at its Highgrove steam electric generating plant which will increase the company's output of electric energy by over 40,000 kilowatts. The $5,393,000 project is part of Calectric's continuing program to meet and anticipate expansion within its service area.

The new unit is rated at 40,000 kw and will be a duplicate of Highgrove's Unit Three which was placed in operation in October, 1953. Completion of Unit Four in November, 1955, will boost the plant's total output to over 140,000 kilowatts.

Highgrove Steam Plant is located just off State Highway 18 between San Bernardino and Riverside. It incorporates many unique design features which make it one of the most completely outdoor plants in the United States. All components with the exception of the operator's control and switch gear room are out-of-doors. The plant has only two operating levels, at grade and at 14 feet, which results in easier and more conomical operation and maintenance. Its unique design has attracted the interest of power production engineers not only in the United States but in several foreign countries.

Fluor Corporation which constructed the first three units at Highgrove will build Unit Four.

You get Tomorrow's Style in Today's Buick

It's a Million Dollar Ride-and no foolin'

YOU can see for yourself the gay and gorgeous styling that's sure to be the fresh note next year, too.

And you can easily learn that here is power a-plenty—the highest V8 power, Series for Series, in the annals of Buick history.

But what you can never know, till you try it yourself, is the feel of a Buick in motion.

It's a ride as precision-soft and firm as only coiled steel can make it.

Yes, coil springs on all *four* wheels. And a full-length torque-tube drive for true tracking. And a massive X-braced frame for solid steadiness. And specially calibrated shock absorbers, V-braced struts, wide-rim wheels, a unique front-end geometry—plus a host of other betterments too numerous to mention.

You feel the result of this advanced engineering every mile you drive—in what is literally and figuratively a Million Dollar Ride.

You feel it in the superb and buoyant cradling. You feel it in the serene levelness of your going over ruts and ridges. You feel it in the precise snubbing of jars and jounces. You feel it in a new kind of steadiness, handling ease, curve control.

Only thing for you to do, we believe, is to come try this miracle of motion—and we'll be glad to oblige.

That way you'll also learn firsthand about the style, the power, *and the value* that have made Buick such a best-selling success this year. *For Buick today is outselling all other cars in America except two of the so-called "low-price three."*

(Smart tip: With Buick such a beautiful buy *this* year, think what a winner it's bound to be at trade-in time! Come see us this week!)

5000 in County Join in Crusade for Safety Drive

Ed L. McCoubrey of Palm Springs and Riverside, chairman of the Crusade for Safety in Riverside county, said that up to last Friday 5,000 safety pledge stickers had been issued to motorists in the county.

McCoubrey is vice-president of the California Safety Council sponsoring the Crusade.

Motorists are urged to sign the safety pledge and in return are given a safety pledge sticker for the rear bumpers of their automobiles.

The Desert Sun is one of the organizations backing the campaign which started in June and continues all year.

The object is to reduce California's high traffic toll.

Man may not live by bread alone, but many try to get along on crust. — I. Lindley, Prairie Farmer.

C.N.P.A. NEWS SERVICE

Elsinore Valley Miss, Carolyn Sears, prepares to take a ride in the Polish motorless sailplane which will be flown in the 21st National Soaring Contest to be held in Elsinore July 27 to August 5. This sailplane, known as the Orlik (Polish for Eagle), all hand built has won two national titles.

World's Top Glider Pilots to Compete in U.S. Meet

A roster of pilots who will take part in the 21st National Soaring Contest to be held in Elsinore July 27 to August 5 reads like a page from fiction. This year's contest is coming to the west coast for the first time in its history to make use of exceptional air thermals caused when hot desert air meets cool ocean breezes.

Dr. Wolfgang Klemperer, of Los Angeles, holder of the first glider pilot's license ever issued, and considered the dean of the Motorless Flight, is a member of the Planning Committee for the big contest in which an estimated 100 sailplanes will take part.

Bill Ivans, who soared to more than 44,000 feet for a world's record, will be in Elsinore to defend his title.

DICK JOHNSON, who broke the distance record with 515 miles of powerless, motorless flight, is preparing his sailplane for an assault on his own record. He is the son of Mrs. Raymond Cree of Palm Springs.

Taddy Ohaka, aviation editor of Tokyo's largest newspaper with 7,000,000 circulation, has left Japan for Elsinore to report on America's soaring activities during the meet.

John Mojoros, who seized the controls of an iron curtain passenger plane while in mid-air and flew himself, his wife and a number of passengers to safety in Italy, thereby winning a death sentence from the Reds, will provide the European slant on gliding.

OPENING DAY ceremonies Tuesday, July 27, will be attended by commanders of Southern California military establishments, representatives of the Consular offices and public officials.

On Sunday, August 1, pilots will present an exhibition of the wide diversity of sailplane flights and stunts. Don Stevens of Hemet, who holds the world's official record of making 93 consecutive loops in a sailplane, will be on hand in his beautiful red and white plane to see if he can up that number of loops.

Elsinore Valley residents have joined together to provide facilities for the big crowds expected to attend these events. Plenty of parking space has been provided and cafes and overnight stopping places are arranging for extra service.

To Start Work on Freeway in Banning in 1955

Construction of a freeway through Banning along the route of Highways 60-70-99, long sought to end the traffic bottleneck in the Pass community, is expected to start in the summer of 1955, it was indicated this week.

Ray E. O'Bier, district right of way agent for the highway commission said Monday that the state had acquired 124 of the 164 parcels of property it needs to build the freeway through Banning. Negotiations for the other 40 parcels are underway and it is expected all will be acquired and improvements removed by June, 1955.

BIDS FOR FOUR of the five bridges to be built along the freeway are expected to be asked this year. The current highway budget lists $280,000 for the structures.

The bridges include grade separations at principal north and south Banning streets and ramps at either end of the freeway to connect with the present highway.

The freeway will follow Livingstone street, a block south of the present highway.

FOUR MAJOR buildings are still in the path of the freeway but deals with the owners are expected to be completed soon.

Open Bids Soon for Improvement on Highway 99

Bids will be opened in Los Angeles on August 19 for the seal coating of 54.3 miles of state highway in San Bernardino and western Riverside counties, it was announced this week by Clyde V. Kane, district engineer of the state division of highways in San Bernardino.

Of interest locally is the proposed seal-coating of Highway 60-70-99 from the east city limits of Banning to Palm Springs Junction. This is a divided highway.

Kane stated that in all cases the contractor will be required to keep half the width of the roadway open to the public at all times during working hours. No work will be permitted on Saturdays, Sundays or legal holidays. On the divided highway between the city limits of Banning and 10.89 miles easterly thereof, the contractor will be required to keep one side of the divided roadway open at all times.

About three months will be required to do this improvement work, according to Kane. In addition to halting deterioration of the roadbed, this improvement will result in easier and safer driving for the traveling public, creating better visibility and skid resistance.

Drive carefully at all times and the life you save will often belong to a reckless driver.—A. A. Schilling.

Senior Golfers Get Bid to Saticoy Play

Local senior golfers were advised this week that the third annual Saticoy Senior Invitational Golf tournament will be held August 20, 21 and 22 at Saticoy in Ventura county.

Medal play at 36 holes is planned with the field divided into three groups, 50-99, 60-69 and 70 and up.

The field is limited to 140 players.

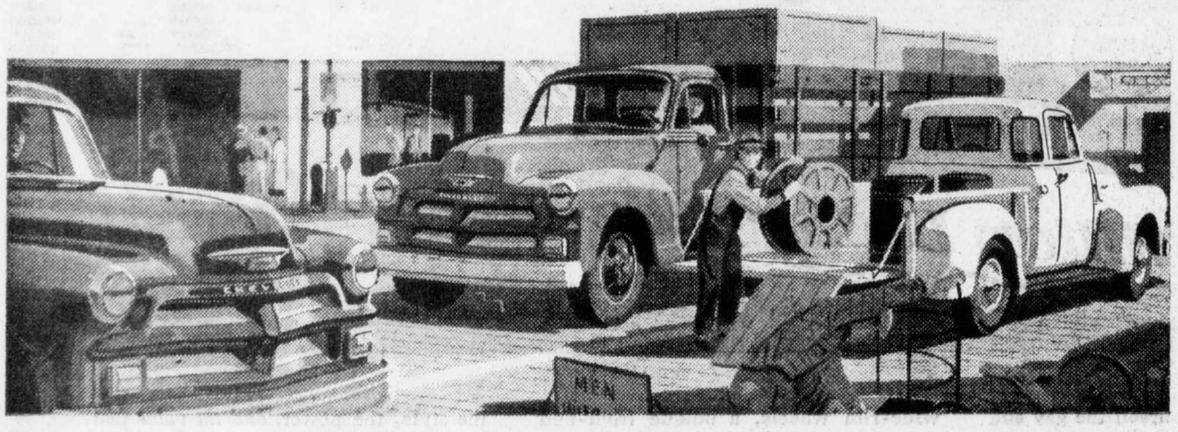
New, bigger load space!
New, lower loading height!



New Chevrolet Trucks...

do more work per day . . . more work per dollar!

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower *plus* increased operating economy.

You save extra trips. That's because of extra load space. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on ½-, ¾- and 1-ton models.

You save with lower upkeep, too. There are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck.

FIRST IN SALES year after year! CHEVROLET

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

By ISABELLE CAMERON

Horse lovers speak a language all their own. In Idyllwild a few days past enjoyed the reportoire of Virginia Durant (age 14), Judy Archer (age 15) . . . the kids talking to Mary Nelson on a beautiful Arabian and Carol Brill on another beauty. All "horse talk". Took a lot of prying to learn that Mary just returned from a year on the Continent . . . and Carol's better half is sea-voyaging on a freighter to the Orient.

Talked over the new quarter horse track with Frank Bogert. Frank, Janice and the kids all in Idyllwild for the summer. Wonderful plans for the track. Frank, one of our town's most popular gents, did a terrific job, as usual, MC-ing Mexican Fiesta night at Chi Chi.

Saw Marie Frisbee of the Water-Trough near Tamarisk . . . playing hookey in Idyllwild at Quinnie and Ralf Sturgi's "Log Cabin" . . . a spot we never miss.

Down "Palm Desert" way spotted the very glamorous and beautiful Virginia Mayo dining at Francis Patenzo and Tony Pacella "Angelos". This blonde beauty is starring in the "Silver Chalice" where the current scenes are being shot at the edge of Portola street. The group are stopping at the Palm Desert Biltmore.

Up the hill at Shadow Mountain Club a wonderful midsummer turnout for those Saturday night chuck wagon suppers . . . dining to the lovely music of Harry Gillingham . . . Olga and Allan Worcester stopping at their Sun Lodge . . . the Kay Olsons . . . Walter Melrose with the attractive Kramers . . . new owners of a trailer site . . . Alan Willard of Indio Florist.

Saying "Howdy" to Chuck Travis and Harry "Houdini" Greenwood . . . a couple of "motormen on vacation" from the Desert Air hotel . . . doing a ditto job at the Indio hotel . . . Liz Alison and Pearl Schiller . . . Pearl and Joe owners of the Doll House on Ventura boulevard . . . love these desert nights . . . always see desert pals dining in their bistro.

California highways . . . the finest . . . but did you ever suffer the glaring stares of motorists when a blowout holds up the fast line on a freeway? This one leading to Belmont Sanchez and a business appointment in Long Beach . . . quite an experience. From there up the ocean-route to Ventura . . . where friends Ruth and Harold Chaffee hold sway . . . and Rancho Cola . . . a "Dude" spot took me back again to the "horse talk". But with such beauty and glamor . . . know for sure . . . Mary Nelson, Carol Brill, Ginny Durant and Judy Archer would love this spot. Judy's dad, by the way, is breeding some quarter horses. Hank Gogerty and Frank Bogert take notice . . . they're down Malibu way . . . next to the Ann Corio (famous strip teaser) and Bob Williams ranch. Mary and Phil Neary up from San Diego to weekend in their lovely home located on Dick Winans "Desert Sun Ranch."

Adios—Isobelle.

Delinquent Sales Set for August 3

V. M. Hyde, county tax collector, Friday set the date for public auction sale of 70 pieces of tax-delinquent property as August 3 at the court house in Riverside.

The sale will begin at 10 a.m. Minimum bids are as low as $16 and average around $35. One piece, however, is $3828.

The parcels are in all parts of the county, some in Palm Springs. Descriptions of each piece of property and the minimum bid to be accepted, are available at Miss Hyde's office in the court house.

Wallet Found in Walled Yard

Police were checking with the owner of a wallet found by Cecil R. Jones at 575 North Palm Canyon drive.

The wallet was found in the yard at the home which is closed for the summer and the yard is walled in. How the wallet got there is the object of study.

Woman Injured in Auto Accident

Beverly Marie Rubar 24, of 300 Ramon road, was treated at Desert hospital for a broken arm following an accident Thursday night at Stevens road and Palm Canyon drive.

She was in an automobile driven by Don Burns Jr., which collided with another automobile driven by Mrs. Cecile Stuart, 251 Via Sol.

Mrs. Stuart was making a left turn from Palm Canyon drive when the Burns car attempted to pass.

Attorney Bock Clarifies Attitude on Cement Plant

Clarifying the stand of himself and his clients on the matter of redistricting of council areas is Palm Springs and on annexation, Attorney Leonard A. Bock this week issued an emphatic denial of statements which appeared in a newspaper (not The Desert Sun).

The statement which prompted Bock's rejoinder was contained in a news item on the redistricting case commenting on the attorney's proposal that annexation election be delayed until redistricting had been settled.

It was, "There had been some speculation earlier today (the day of the hearing) that there was some alliance between Guiberson and Bock."

"I have never met or dealt with or communicated in any way whatsoever with Mr. Guiberson on any matter whatsoever, and in particular in respect to his proposed cement plant," declared Bock.

"Everyone in favor of redistricting and all of the plaintiffs and myself oppose the cement plant and are definitely in favor of annexation. The question of annexation became involved with redistricting only because the defendant City Council urged the Superior Court of Riverside, the Honorable John G. Gabbert presiding, to permit them to file a new answer to our redistricting suit wherein they would allege that our suit should be dismissed because of the annexation of the new territory. The basis for the dismissal would be that our initiative petitions apply to the city boundaries as now exist and would not apply to the new city after annexation. While we oppose the cement plant, we were equally sincere in our desires to bring about equal representation and we felt that if both sides took a more conciliatory attitude both objectives could be accomplished at the same time. Had we failed to reach an agreement with the Council, then we would have requested the Supreme Court to defer annexation until one day after the question of redistricting had been disposed of."

Scouts to Talk Plans for Camp

Kiwanis Troop, Boy Scouts, will meet with Scoutmaster Vern Baumgardner at 7 p.m. next Tuesday at Frances S. Stevens school playgrounds to discuss plans for a summer camp August 1 to 8 at International Camp, five miles out on Cherry avenue, Beaumont. The invitation was extended by Supervisor Homer Varner of this district.

Points concerning the trip will be discussed Tuesday and parents are invited to attend.

Fathers are invited to spend a night with their boy and the others at the camp.

All Kiwanis Boy Scout committeemen are requested to attend the meeting next week to discuss transportation and supervision plans.

THIEVES STEAL SIGNS

William Darwin, building contractor, reported to police last week that thieves had stolen signs at a home he was Two "for sale" signs were taken.

NOTICE
Municipal Court
Riverside Judicial District
No. 2174
SHERIFF'S SALE ON EXECUTION
ROSE BENJAMIN, Plaintiff, vs.
HARRIS T. JOHNSON, Defendant

Under and by Virtue of a Writ of Execution, issued out of the Municipal Court, Riverside Judicial District of the County of Riverside, State of California, dated the 1st day of July A.D. 1954, in the above entitled action, (and directed to the Sheriff of the County of Riverside, State of California.) wherein ROSE BENJAMIN, the above named plaintiff, obtained a judgment in the Municipal Court Riverside Jud. District of the County of Riverside, State of California, against HARRIS T. JOHNSON, the above named defendant, on the 25th day of February, 1954, for the sum of Three Thousand One Hundred Ninety-Eight and 75/100 dollars ($3198.75), and costs, I have this day attached and levied upon all the right, title and interest and estate of the above named defendant Harris T. Johnson of, in and to the following described real property, situate, lying and being in the County of Riverside, State of California, and more particularly decribed as follows, to-wit:

That portion of Northwest Quarter of Southwest Quarter of Section 7, Township 5 South, Range 6 East, San Bernardino Base and Meridian, described as follows:

Beginning at a point on the South line of the Northwest Quarter of Southwest Quarter of said Section 7, that bears North 89° 36′ 22″ East, 125 feet from the Southwest corner thereof; Thence continuing North 89° 36′ 22″ East along the Southerly line of the Northwest Quarter of Southwest Quarter of said Section, 68.5 feet, more or less, to the Southwest corner of that certain parcel of land conveyed to John G. Deaton, et ux, by deed recorded April 18, 1946 in Book 805 page 578 of Official Records of Riveride County, California; thence Northerly on the Westerly line of the parcel conveyed to John G. Deaton, et ux, by said deed 171.91 feet, more or less, to the Southeasterly corner of that certain parcel conveyed to John G. Deaton, et ux, by deed decorded January 22, 1948 in Book 891 page 86 of Official Records of Riverside County, California; Thence Westerly on the Southerly line of the parcel conveyed to John G. Deaton, et ux, by deed recorded January 22, 1948, 68.5 feet, more or less, to a point 128 feet Easterly of Westerly line of the Northwest Quarter of said Section.

Thence Southerly and parallel with the Westerly line of the Northwest Quarter of Southwest Quarter of said Sec. 171.96 feet more or less to the point of beginning; EXCEPTING therefrom the Southerly rectangular 15 feet for road purposes.

Public Notice is Hereby Given, That I will, on Friday the 6th day of August A.D. 1954, at 10:30 o'clock A.M. of that day, in front of the Sheriff's office on Orange Street in the City of Riverside, sell at public auction, for Lawful Money of the United State, all the right, title, claim and interest of said defendant Harris T. Johnson of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

Dated this 6th day of July 1954.
Sheriff of Riverside County,
JOE W. RICE
By Basil Mowrey, Deputy Sheriff.
244—Desert Sun July 15, 22, 29, Aug. 5, 1954.

NOTICE OF FILING ASSESSMENT FOR THE IMPROVEMENT OF VISTA CHINO (ASSESSMENT DISTRICT NO. 2) AS CONTEMPLATED BY RESOLUTION OF INTENTION NO. 3881, AND OF THE TIME AND PLACE OF HEARING AS TO SAID WORK AND ASSESSMENT.

Pursuant to statute, the "Improvement Act of 1911" being Division 7 of the Streets and Highways Code of the State of California, notice is hereby given that the Superintendent of Streets of the City of Palm Springs, having made an assessment to cover the costs and expenses of grading, paving, construction of curbs and gutters, and appurtenant work in Vista Chino (Assessment District No. 2) in said city, as contemplated by Resolution of Intention No. 3881, adopted by the City Council of said city on the 15th day of September, 1953, filed the same in my office on the 30th day of June, 1954.

I hereby fix Thursday, the 5th day of August, 1954, at the hour of 3:35 o'clock p.m. and the chambers of the City Council in the City Hall of the City of Palm Springs, as the time and place when and where all persons interested in the work done or in the said assessment will be heard by the said City Council. Property owners, the contractor or his assigns and all other persons interested in said work or said assessment, feeling aggrieved by any act or determination of the Superintendent of Streets or the City Engineer in relation thereto, or who claim that the work has not been done according to the contract in a good and substantial manner, or who claim that any portion of the work was for any reason omitted or illegally included in the contract for the same, or having or making any objection to the correctness of the assessment or diagram, or other act, determination or proceeding of the Superintendent of Streets or City Engineer, shall, prior to the date set for the hearing on the assessment, appeal to the said City Council by briefly stating in writing the grounds of appeal. For a description of said work, reference is hereby made to the above mentioned Resolution of Intention.

Dated this 7th day of July, 1954.
LOUISE McCARN
City Clerk.
248—Publish Desert Sun July 15, 22, 1954.

Rubbish Blaze Without Permit Brings Arrest

David Schultz, 40, found out the hard way that the city ordinance on burning rubbish and trash means what it says.

He was arrested Sunday at 1447 North Palm Canyon drive on complaint of Warren Heath fire marshall, for burning rubbish without a permit and outside of hours allowed for burning by the city ordinance.

Heath said that Schultz had been told of the provisions of the ordinance but did not comply with the warning.

The city ordinance, which prohibits burning of rubbish during the season but permits it during the summer months, specifies that a permit must be obtained first and that no burning is allowed before 8 a.m. or after 12 noon.

The ban on burning was lifted as of June 1 and will be renewed on October 31.

Schultz was released on $25 bail.

False Alarm

No Burglar, Just Dog, Police Told

Investigation of a burglary at the Fred Hillstrand home, 551 South Calle Rosa, came to an abrupt halt Saturday night.

Police discovered that a screen had apparently been cut in a door at the home and started a study of illegal entry and possible burglary.

The Hillstrands had been north to Redding on a vacation trip but returned last weekend.

On learning that police were investiagting the "burglary" he told them:

"False alarm. That screen was torn by my dog just before I left and I haven't had a chance to fix it yet."

Case dropped.

Full Time Sealer Office for Desert

Permanent and full time service for the desert area by the office of County Sealer of Weights and Measures will be available within a short time, F. W. Merrill, county sealer, said last week.

A branch office has been established at the county fairgrounds at Indio and a deputy is being sought to manage the office.

Speed Cause of Almost Half of Fatal Traffic Accidents

Lt. H. W. Renkel, commanding officer of the California Highway Patrol in the Indio area which includes Palm Springs, said that speeding accounts for almost one-half of all violations in fatal automobile collisions.

Lt. Renkel was in the city last week to present a plaque to city council for the city's 1953 safety record. The plaque was from the National Safety Council and was in recognition of the city's record in going through 1953 without a single traffic fatality.

Speed violations, he said, include exceeding posted speed limits and violation of the basic speed law.

"The basic speed law is probably the least understood section of the California Vehicle Code," Lt. Renkel said.

The Basic Speed Law provides: "No person shall drive a vehicle upon a highway at a speed greater than is reasonable and prudent, having due regard for the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property."

"A motorist can be charged with speeding although he is driving within the posted speed limits. You must never drive at a speed faster than road, traffic and weather conditions permit," Lt. Renkel explained.
